# CONTRACTORS ARRIVE TO BID ON THE NEW INTERURBAN LINE

Contractors from all parts of the country who are figuring on bidding on the contract of putting in the extension of the Ohio Valley Traction company from Sciotoville to Hanging Rock, began arriving in Portsmouth Friday to inspect the blue prints of the extension.

They are now ready for inspection and prominent railway builders from many states will come here to closely inspect the plans and specifications with a view of putting in a bid on the contract. Many contractors were notified sometime ago that the blue prints of the extension would be ready for them beginning Friday, February 28.

Raymond York stated Friday that the Ohio Valley Traction company hoped to award the contract in a short time as active work on the extension is slated to take place in the early spring. Among the firms who will submit bids for the contract of putting down the extension are as follows: Cleveland Construction company, W. H. Stoberling, of Springfield; Edward Ryan, of Springfield; the Hunt-Ford Construction company, of Ashland, Ky.; A. B. Simpson, of Lucasville; John O. Kelly, of Ashland, Ky.; Wiley and Renick, who are putting in a big job at Highways for N. & W. Curtis and Shumway, of Portsmouth; W. E. Tripp and company, of South Webster; the Ford Construction company, of Mayfield; Haynes and Pickett, of Martin's Ferry; Ohio; the Brubaker Construction company, of Huntington; C. S. Fogel and Son, of St. Albans, W. Va.; Bents Bros., of Columbus; P. T. Clifford and Son, of Valparaiso, Ind.; and the M. C. Connors company, of Chicago.

## Bridwell Leaves

With his grips packed and all ready for the old base ball bell to top, Al H. Bridwell left Friday afternoon for St. Louis, where he will join the St. Louis Federal league team, with whom he played last year.

The St. Louis club will do its spring training in Havana and will spend five weeks there. Bridwell is reporting in his usual splendid condition and is confident of hitting around the .300 mark this season.

Henry W. Savage's famous melodramatic-farical production "The Million," has won the distinction of possessing more laughter and wholesome fun than any comedy of recent years. The continuous mirth proceeds equally from the action, caricatures and situations of one of the most novel and ingenious plots ever presented on the stage or screen. If the old philosophers are right, and laughter is wealth, then "The Million" is well named.

The subject also presents one of the most remarkable examples of character acting supplied in many years in the impersonation of "Le Baron," the crook, by Edward Abeles. In the course of the story he is called upon to portray no less than six entirely distinct characters. With the assumption of each impersonation, Edward Abeles not only presents a

folded the expressions of satisfaction were numerous. The succeeding episodes will be shown here every Thursday in conjunction with the regular show.

For today the show will be "The Beautiful Unknown," a three-reel Victor drama, and it is certainly up to the standard set by this really great company. Get the habit of going to the Arcana and see the show for 5 cents.

### At The Temple

The Temple Theatre has arranged another good program for its patrons tonight. The picture entitled "The Cross of Fire" Ray Bee is a beautiful story of French Canadian life, featuring Fannie Midgley and Walter Edwards. The third reel is a beauty "The Spirit of Giving." Virginia Kirtley, Joseph Harris and Gladys Kingsbury are the cast of players. The fourth reel is a Keystone comedy entitled "The Flash House Masquerade."

## THEATRICAL

### The Sun

Last night the stock presented "Her Legal Prisoner," which is about as new a plot as one could find. It is a sensational comedy and gave the very best of satisfaction. Miss May, Mr. Larenz, Mr. Morris and Mr. Carroll have the weight of the play to carry and all handled their parts well, in fact the play will please the majority.

Miss Hill and Alice Earle added greatly to the comedy. Tonight is the Country Store with plenty of fun.

## Scaffold Fell

Local relatives have received word of the injury of Louis Tiegan, painter, of Hamilton, O. Monday, while painting a building, the scaffold upon which he was working, fell. He was rushed to the Morey hospital, where an X-ray examination will have to be held to determine the extent of his injuries. The injured man is a brother-in-law of Mrs. E. Leubley and Mrs. John Vogt, and a cousin of John Lange and Mrs. Alex Olochner, all of this city.

He outlined the three cares, "God cares, the church cares

## Revival Continues

The revival at the United Brethren church will continue over Sunday. Rev. W. V. Harter, evangelist, who had charge of the majority of the meetings, has returned to his home, but the revival will continue with Rev. Hopper in charge. He used as his subject, "Heaven." His text was taken from the last chapter of Revelations.

# ILLINOIS TOWN HAS ANOTHER MYSTERIOUS MURDER; 3 IN YEAR

Aurora, Ill., Feb. 26.—A man sixty years old, described as being an eccentric, was held under arrest by the police today in connection with the murder of Miss Emma Peterson, who was found with her head crushed and jaw broken a half block from her home last night.

It was the third mysterious murder of a woman in Aurora in twelve months. In each case the victim has been strangled to death. In no case has the murderer been caught. The three unsolved murders are:

Theresa Hollander, who was clubbed to death in a cemetery on the night of February 16, 1914. Tony Petrus, a farmer's son, was twice tried on a charge of having slain her, and acquitted.

Jennie Miller was clubbed to death in a church yard on the night of November 19, 1914. Several arrests were made but the crime was never solved.

Emma Peterson was found clubbed to death near the residence of former United States Senator Albert J. Hopkins. No weapon was found near the body, the police obtained no clues.

The man under arrest, John Munson, does odd jobs at St. Joseph hospital for his board. He had been detained by the police early last night after he attempted to seize a young woman by the arm a block from the spot where Miss Peterson's body was found.

The girl had complained that she had been stopped by a man in the vicinity the night before. Her father followed her last night and trapped Munson. The police after questioning him, released him. Two hours later the body of Miss Peterson was found.

Munson, according to the police, admitted that he sometimes had carried a section of rubber hose filled with shot, but the sisters at the hospital asked for his release, declaring that he was a harmless eccentric.

Not positive that Munson is the man they want, the police employ-

ed trained bloodhounds, hoping to reveal the course taken by the murderer in making his escape.

Neighbors returning home found the body of the girl lying on the sidewalk. No one living within the block heard an outcry and the police believe she was struck down from behind and killed before she could cry out for help.

A handbag carried by her is missing.

Miss Peterson, who was 22 years old, had been living in the home of a wealthy retired lawyer for the last three years.

The police are working on the theory that all of the three murders of the last 12 months have been committed by the same man.

## CONGRESS CONTINUES LEGISLATIVE GRIND

Washington, Feb. 26.—Congress was driving ahead today with the hope of yet passing some general legislation before adjournment of the session, next Thursday.

Administrative senators are continuing their efforts to get action on the government ship purchase bill, but there is no assurance that it will again be considered in the senate at this session. It is thought possible that the Philippine bill may yet be passed if certain amendments to the preamble can be agreed upon.

The senate had before it today for consideration the naval and the fortification appropriation bills, while the house continued work on the general deficiency bill, the last of the supply measures awaiting action in that body. The senate before it adjourned last night passed the agricultural appropriation bill and adopting an amendment to the measure providing for government loans to farmers, made considerable progress on the naval bill and began consideration of the fortification bills.

## NATIONAL SAFETY FIRST CAMPAIGN UNDER WAY

New York, Feb. 26.—Resolutions outlining the policy of the Safety First Federation of America, organized by representatives of automobile clubs, civic organizations, police and public service officials, were to be adopted and officers to start a campaign for public safety, for both vehicular and pedestrian traffic in all states and the federation will ask for the co-operation of all local safety organizations.

A maximum speed of four miles an hour by vehicles at street corners, and in every block where there is a public or private school, when the children are going to and from school, will be advocated. Ordinance to make pedestrians use the cross walks at all street intersections when crossing from one side to the other will be introduced in councils of the cities of the country. Fire prevention and the regulation of street traffic will receive particular attention by the federation.

Harold W. Newman, commissioner of the department of public safety of New Orleans, chairman of the organization meeting, said that the first important endeavor of the organization everywhere would be to push laws requiring mental and physical examinations of automobile chauffeurs.

## INDIANS HOLD OUT AGAINST FEDERAL AGENTS

Denver, Colo., Feb. 26.—Efforts of government agents and Indians friendly to the whites to induce the band of Piute Indians who are aiding Tso-Ne-Gat in evading arrest on a charge of murder, have failed, according to reports received here from Bluff, Utah, today. Navajo scouts have reported to United States Marshal Nebeker that the squaws and papposes in the band of fugitives have been taken to a

place of safety on the Juan river. Forty-eight warriors, headed by "Old Poik," father of Tso-Ne-Gat and "Old Posey," are said to be entrenched in what is known as Butler's Wash, a few miles southwest of Bluff, and are prepared to resist the posse of federal deputies. Marshal Nebeker, it is stated, will make another attempt to surround and capture the Indians with his present force and will not ask for federal troops for the present at least.

## CONGRESS WOULD GIVE I. C. C. MORE POWER

Washington, Feb. 26.—Senators and representatives were studying today the disclosures by the Interstate Commerce commission in connection with its inquiry into the affairs of the Louisville and Nashville and allied railroads. The commission in its report to the senate, in response to a resolution of that body, alleged that the Louisville and Nashville acquired competing lines and that it conducted an expenditure of millions of dollars in an elaborate political and public campaign to eliminate competition and influence public opinion.

The commission points out the need of further investigation together with an inspection of the

road's correspondence. Under the decision of the supreme court last Tuesday the commission is powerless to make such an inspection.

It was considered doubtful in congressional circles whether, in view of the short time before adjournment, anything in a legislative way can be done at this session giving the commission access to the correspondence files of the railroads. Member of congress, however, are considering an amendment to the Interstate Commerce act, which would give the commission this power.

## CAPTURE RUSSIAN GENERALS

Berlin, Feb. 26.—(Via Amsterdam and London).—At the war office today the following statement was issued:

"The following Russian generals were captured in the battle of the Mazurian lakes:

"The commanding general of the Twentieth army corps; also the commander of artillery and the commanders of the Twenty-eighth and Twenty-ninth divisions of infantry, also the commander of the first brigade of infantry. The commander of the Twenty-ninth division.

"From the third army corps we captured the commander of the Twenty-seventh division of infantry, also the commanders of artillery and of the second brigade of infantry.

"From the Fifty-third reserve division those captured include the commander and also the commander of the first brigade of infantry.

"From the first Siberian division of Cosnicks we captured one brigade commander."

## FED SCHEDULE MAKERS HAVE A PROBLEM

Rutland, N. Y., Feb. 26.—The making of a schedule with the franchises of one of the clubs in litigation was the problem that faced the Federal league managers at the opening of their second annual meeting here today. D. J. Hafl and S. T. Gilmore, of Kansas City, were on hand to fight for the retention of that city on the circuit, and Patrick T. Powers, who proposes to switch Kansas City's franchise to Newark was present to look after the interests of the newest eastern club.

### THE INSTITUTE QUESTION.

As we said the other day we are not informed as to the charges that the reason for the abandonment of the county teachers' institute were to be found in petty jealousies and school politics among some leading educators of the county. We do know that such charges are being freely made by responsible parties. We also know that the most advanced educators in the world rank the institute very high as a factor in the intellectual growth of a community and for that reason it seems to us a great pity should peanut policies or actions wipe out an established institution of such value.

We should like to have the light turned onto the reason for the destruction of the institute and the methods by which it came about. Our columns are open to those familiar with the facts, whether they be for or against the teachers' institute. Let us know about it and let us see what is being done under the protecting folds of our new school law. So far as we have observed its workings we are not particularly enamored of it.

### "QUIT AND GO HOME"

(Columbus Citizen)

The Ohio legislature is hard at work establishing a new record for uselessness and mischief.

The lower house this week passed a bill repealing the law which gives penitentiary prisoners the same chances to make good as those at the Mansfield Reformatory.

It used to be that a judge could send a man to prison for a term of two or three times as long as the sentence imposed by another judge on another prisoner for identically the same offense. Bill Jones sent to prison from Cuyahoga county for the same crime as Jim Smith from Hamilton county, was very likely to find himself serving seven years, while Smith, whose judge had been in a better humor the morning sentence was passed, had to serve only one year.

This system was unjust to start with. It not only failed to reform men but it made them worse.

In 1913 a law was passed permitting the release of men when there was evidence that they had reformed, and their detention as long as there was evidence they had not reformed.

It gave the prisoners some goal to work for. In fact it did reform men just as Mansfield Reformatory is reforming men.

This is the law that the house of representatives has voted to repeal. They want to go back to the old system of unvarying punishments for identical offenses, of hopelessness, of lack of incentive to be good.

There wasn't any reason for the lower house to pass that bill; not even a political reason. The bill should never have been presented.

On the same day that this blunder was consummated, the senate revived what members describe as "a pretty custom."

The legislators were deep in debate on the subject of an appropriation for lead pencils.

Suddenly, amid murmurs of applause, the sergeant-at-arms appeared in the middle aisle with a huge bundle of carnations.

These he distributed to the senators, red ones to the Republicans and white ones to the Democrats. Pages and porters got carnations, too.

After this the members received handsome pocket knives with their names on the handle.

The state treasury paid for the carnations and the knives.

Lovely custom, isn't it?

The people of the state dishing out \$2,500 to \$3,000 a day for the legislature, while the members fool away their time with costly nonsense.

Ohio needs only one thing from the legislature—the passage of the annual appropriation bill.

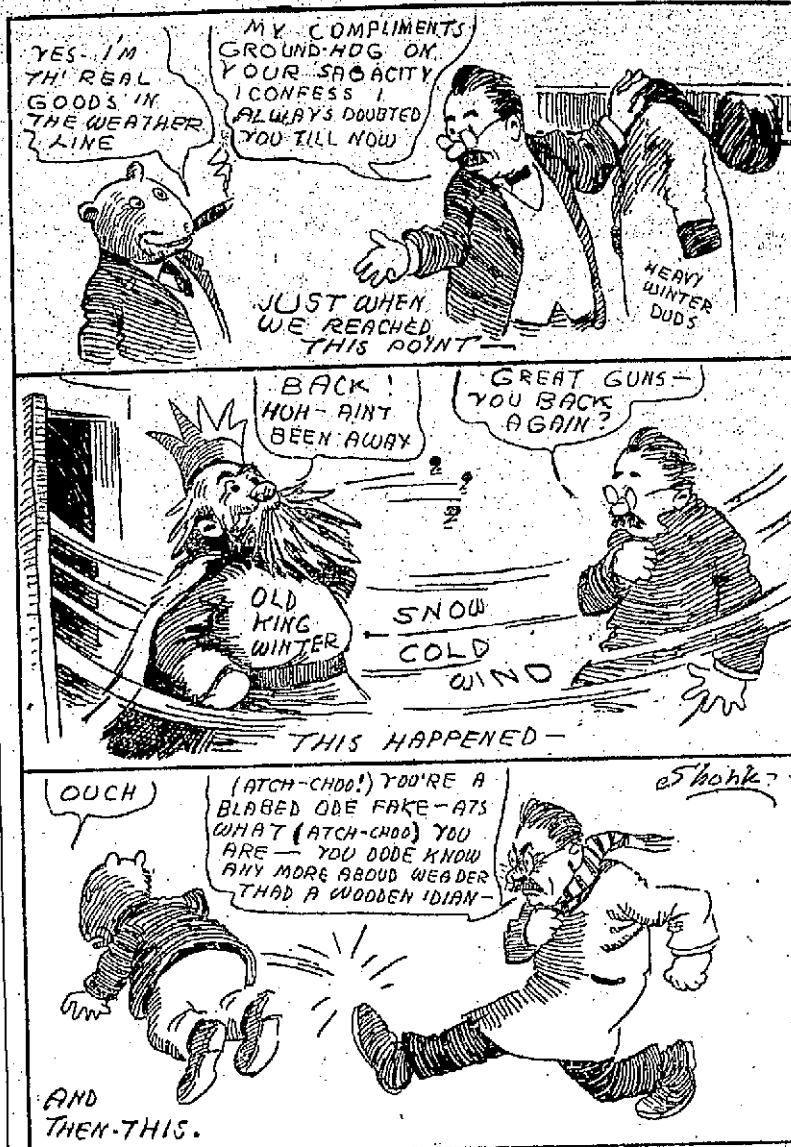

This enacted, the best thing these statesmen can do is to pick up their carnations and their jack knives and quit and go home.

Another pathetic little feature of everyday life is the way an editor will devote not a little valuable time to reading anonymous letters and getting mad about them and then announce in the paper that absolutely no attention is paid to such communications.

says the Ohio State Journal paragrapher. Say now, how did you know we got one of 'em today in which enough mean things were said about us and the valuable journal whose destinies we direct to make an angel swear. We are going to keep our letter though and use it as a "reducer" on these chesty days.

Reading about the many little dainties our legislators are enjoying at the expense of the rest of us, we confidently expect that when the statesmen return to their various and respective communities to spend the Seventh day, they will be flashing wrist watches to dazzle the proletariat.

### "STUNG AGAIN"

### A TANGOING MAYOR.

(Washington Post.)

When held up to contempt and ridicule by Walpole because of his youth, the younger Pitt replied in these memorable words, "The atrocious crime of being a young man is one that I shall attempt neither to palliate nor deny."

With equal assurance, with a settled calm that could arise only from the consciousness of a pure heart and a worthy cause, Mayor John Purroy Mitchell, when charged by the Rev. James V. Chalmers, vicar of the Protestant Episcopal Church of the Holy Trinity, with indulging in giddy trepidation fests, replied in substance, "Yes, I tango; what of it?"

In the absence of an answer to the query, which, perhaps was merely thrown out for politeness sake, Mayor Mitchell proceeded to a defense of dancing. It's good for the health, he holds. Tangoing, in his opinion, is a splendid bodily exercise and an excellent form of recreation. It takes one's mind off one's business at times when such distraction is good for one. It also helps to take one's mind off other folks' business. Whereupon, with just a possible shade of malice, as though there were some connected idea lurking in his mind, he suggested that it would be better if his partner erlie danced, too.

Why shouldn't New York's mayor "tread the mazy", as Richard Swiveler so succinctly described the gliding and dipping movement that enlivened a Herod in long gone days, and still holds sway over the hearts of better and wiser folk? That an earlier mayor found more delight in solitary walks or quiet braveries in the pines of Epictetus spells nothing of finality in the matter of individual pursuits. A mayor's life is not all corner-stone laying or delivering addresses to high-brow societies on the significance of modern municipal methods in their relation to the present uplift and imminent millennium. Blissful as these events are, they do not constitute the fullness of joy, even for mayors. For can banquets, receptions, or the endless details connected with the suppression of the gentle gunman entirely fill the void.

There are times with mayors, as with others, when the customary pursuits pall, however, praiseworthy. 'Tis then that caprice beckons and the wise man heeds. If Mayor Mitchell wants to tango in the name of all the Castles, let him go to it, though a thousand vicars chide!

We notice where the county superintendent of schools is fathering a bill to double the number of meetings of school boards and also to double the pay for the members. Also he is credited with the statement that the school board members are unanimously in favor of the new bill. Of course. Why not? Did you expect them to raise a howl at a salary raise?

Rich Hobson has declared war on Japan again. He is making the most of his opportunities for his day will be done when congress ends on March 4th.

They may like the Kaiser in the long run, but you'll have to admit that he's giving the Allies a run for their money.

## TO SUCCEED CROXTON

Columbus, Ohio, Feb. 26.—It is announced that Tom L. Lewis, of Belmont county, Republican candidate for Secretary of State in 1912, will be named as mediator under the State Industrial Commission to succeed Fred Croxton. Mr. Lewis formerly was president of the United Mine Workers of America. The place was sought by Geo. W. Bopp, of this city, a lawyer and member of the Musicians' Union.

#### Runs Over Street.

The mayor has directed Clarence Thornton's attention to complaints about waste water running over the street and alley from under his property at No. 1708 Eleventh street.

At least there is one thing on which everybody in our city official life can stand together and that is the necessity for an immediate extension of the flood wall. Of course there may be a division later when everybody sets up claim to the honor of being first to propose the affair.

#### The Old Days

No 'browless eyes nor monocles nor wasplike figures then; No high heeled shoes nor patent rouge made to deceive the men;

No purring language, mincing walk nor gay peroxide curl; No chafing dish snubbery when grandma was a girl.

No bachelor maids, no culture clubs, no time spent in the gym; No thought of torture physical to make them lithe and slim;

No low-neck gowns to give them grip when in the social whirl; No bridge whist made them nervous wrecks when grandma was a girl.

No suffragets, no cigars, no cooking that was vile; No bonnets trimmed with cocoanuts and lettuce were in style.

No brainstorm shooting by a weak and sentimental churl; No talk of soul affinities when grandma was a girl.

No incompatibility of temper told in court; No cases of desertion and no suits for non-support;

No family skeletons exposed, no records to unfurl; In fact, folks were quite sensible when grandma was a girl.

FOR LITTLE FOLKS

#### THE ADVENTUROUS HOP-TOAD.

One day a hopeless Hop-Toad sat beneath a spreading tree. Said he, "I am as homeless as I possibly can be; I'm going to hop away from here, and hop, and hop! Entirely round the world," said he, "and then perhaps I'll stop."

"I'll see a lot of curious things, and have a lot of fun. And then I'll come back home and talk about the things I've done. Perhaps I'll better tell my folks that I'm about to go; They will be pleased to have me take this lovely trip, I know."

But when he told his pa and ma, they merely yawned and said, "You'll find it very tiresome, why don't you sleep instead?" This made the Hop-Toad angry, and he madly leaped away. Said he, "You've looked your last on me for many and many a day."

All afternoon he hopped, and then he said, as night came on, "There is no use to hop unless I know how far I've gone." Just then beneath his foot he felt a very curious squirm. And, lo! when he looked down he saw a little Measuring-Worm.

The Worm sat up and said, "If you will wait till it is light, I'll measure the distance for you, but I cannot work at night."

"Oh, very well," the Hop-Toad said, "of course I'll wait for you, And as I'm hungry I will try to catch a fly or two."

He looked about but could not find a solitary fly. Said he, "I am so hungry that I really think I'll die."

And then a very brilliant plan flashed through his little head. "Why, I'll just eat the Measuring Worm," that heartless Hop-Toad said.

And so he did that very thing, as sure as you're alive. Then took a nap, from which he woke next day at half-past five. He rubbed his eyes and looked around, and then said with a yawn, "I cannot take my trip because my Measuring-Worm is gone."

"I'll simply have to turn around and hop back home," said he. And there he found his pa and ma asleep beneath a tree.

And though his coming wakened them, these Toads did not complain. They said, "Did you enjoy your trip?" then went to sleep again.

And so that hopeless Hop-Toad sat beneath a spreading tree. Said he, "I am as lonesome as I possibly can be; I'd like to go and travel, but alas! I find it's true, As ma has said, 'You cannot eat your worm and have it too.'"

### DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid.

Rheumatism is no respecter of age, sex, color or rank. It is not the most dangerous of human afflictions; it is one of the most painful. Those subject to rheumatism should eat less meat, drink as much water as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work.

Accumulating uric acid which keeps eliminating the uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

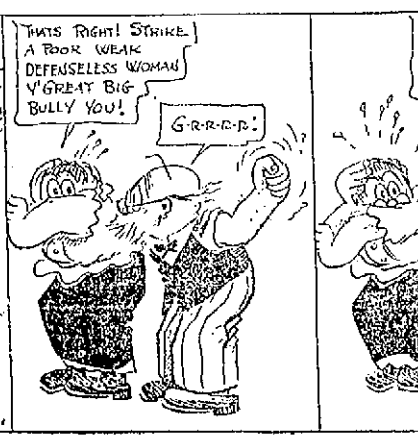

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, refreshing lithia-water drink which cures uric acid and is beneficial to your kidneys as well.

## The Markets

### NEW YORK STOCK

New York, Feb. 26.—Prices rose  
and fell in today's stock market,  
largely as a result of varying con-  
ditions in the foreign situation.  
Much of the early advance was  
attributed to covering by the  
short interest, that element, ac-  
cording to popular belief, having  
overplayed its position. Re-  
ports that the British admiralty  
has ordered a suspension of sail-  
ings from principal English ports  
were scouted in shipping circles,  
but accounted for the pause  
which followed the initial rise.  
Prices shaded generally and by  
noon most issues were only a  
trifle over yesterday's close, with  
heaviness in New York Central  
and Canadian Pacific. Another  
gold importation from Canada  
was attacked by some steadiness  
in exchange on London but Ger-  
man remittances were lower than  
before. Bonds were firm.  
Gains were the rule in today's  
early stock market with a fair  
degree of activity. The rise was  
most noticeable in the special  
group, where advances of a point  
or more were registered. Metal  
shares also were prominent, the  
success of the Anaconda Copper  
note offering acting as a stimu-  
lant to these issues. United  
States Steel and Bethlehem Steel  
reflected a moderate demand.  
Baldwin locomotive preferred  
with a one point decline to 89  
was the only stock to record a  
minimum price in the early deal-  
ings. Prices for Americans in  
London were mixed but gave hint  
of further war developments.  
Renewed buying in the inter ses-  
sion almost restored the early

### CHICAGO GRAIN

Chicago, Feb. 26.—Wheat drop-  
ped 7 1/2 cents a bushel in half an  
hour today under excited sell-  
ing due to reports that the selling du-  
ties to the Dardanelles had been  
silenced. The break in prices was  
in the face of announcements that  
a foreign government had called  
to Chicago asking for an offer on  
15,000,000 bushels chiefly No. 2  
hard winter, to be shipped within  
forty days. The request was from  
a country that would be directly  
benefitted by the opening of the  
Dardanelles. The opening here  
was 2 1/2 to 5 1/2 under last night  
was followed by rallies of a  
cent or more, but then came fresh  
breaks with subsequent reactions  
of lessened vigor.  
Corn tumbled as a result of the  
break in wheat. The market was  
chiefly characterized by the un-  
usual lack of support. After open-  
ing 1 1/2 to 1 3/4 to 1 cent down,  
the decline continued unchecked,  
but by no means as severely as in  
wheat.  
General liquidation extended to  
oats as well as to other grains.  
Contrary to what has recently  
been the case oats today were ful-  
ly as weak as corn.  
Although provisions at first  
showed something of an upward  
tendency, the break in cereals quick-  
ly led to a reversal of sentiment.  
This was especially the case in re-  
gard to pork.  
Assertions that some spot cash  
wheat was being sold to the im-  
ported had a steady effect after  
May wheat had dropped 7 1/2 to  
146. The best succeeding rally  
was just at the close, but it was  
said that in the final dealings Eu-  
ropeans were selling future deliv-  
eries, especially the May option.  
The closing prices were unsettled  
at 3 to 4 1/2 under last night.  
After declines had amounted to  
about 2 1/2 the corn market re-  
sponded to announcements that  
600,000 bushels of corn had been  
sold at Baltimore to go to France.

how to get rid of it.

**WORRIED OLD MAID.**

Shave it off. That's easy. If a spoon won't do the work, come in and have a barber scrape it off.

and if you know of anything will you please let me know? That is helping with general house work or dining room work. I live in the country and can do any kind of house work.

**COUNTRY GIRL.**

Her name and address is here.

Miss Wise.—Are short skirts the style? Believe me, if I had feet like the girls in Portsmouth I sure would go back to the old style and wear hoop skirts and hide those feet. The girls in Portsmouth have the biggest feet that I ever saw.

**SOME BOY.**

If you don't like their feet, why stand around on the corners and gaze at them? Some men don't seem to have anything else to do but pass remarks about the clothes worn by women and girls.

Dear Miss Wise.—I am 17 years old, have brown hair, blue eyes, rosy cheeks and fair complexion. Would I look all right in sand color or putty?

**KENTUCKY ROSE.**

Yes.

Wheelerburg, O.—Dear Dolly:—What would you do if a fellow comes every night in the week and you can't get rid of him when you tell him you don't want nothing to do with him?

**BASHFUL SUSAN, LOVING SAL.**

I could get rid of him all right in very short order. Can't you lock the door or let your father entertain him. If he still hangs around get a hall dog.

Dear Dolly.—Please tell me what would make a nice birthday present for my 15-year-old brother?

**MARIANN.**

A hockey stick, roller skates, golf gloves or a book.

Dear Dolly.—What are the spring styles in coats, hats and shoes?

**GERALDINE.**

Coats are short, shoes are light to match the gown, and hats will be either very small or medium large. The extremely small hats for early spring will be replaced later by the hat with a brim.

Dear Dolly.—What conditions must exist before a man is legally married, providing he is not of age?

**STEVE.**

He must have the consent of his parents, and his father must accompany him for the license.

Dear Dolly.—Please give me a list of the new spring shades.

**PATTY.**

Some of the new shades are Delaware Peach, Gettysburg Gray, Arizona Silver, Wall Blue, Newport Tan, Rocky Mountain Blue, Bronze, Emerald, Exposition Gold, Rose, Maize and Tuxedo Brown.

**SOCIETY.**

Mr. and Mrs. Cecil Miller, of Fifth street, have gone to Cincinnati for a short visit.

The All Saints Mission Study class met yesterday afternoon at the home of Miss Margaret Firmstone. Miss Anna Rosa was the leader. The meeting was followed by a sewing and business meeting of the Women's Auxiliary. About thirty members were present. Little dresses and skirts are being made to send to Montana. Next Thursday's meeting will be held at the home of Mrs. George Small, on Sixth street.

Rev. and Mrs. C. L. Strecker's guests, Mrs. S. J. Bensley, of Amesville, and Miss Carol Strecker, of Marietta, will leave Monday for their homes.

Mrs. Cokes Peckles will go to Ashland the first of the week to visit relatives.

The Jewish Kaddish Klatch was entertained yesterday afternoon at the home of Mrs. J. H. Mendel, on Hutchins street, where all members were present, with the exception of Mrs. Fred Strauss, who is in Cincinnati. Mrs. Isadora Edelson, of Ashland, Ky., was a guest. At 8:30 Mrs. Dan Labell went to the fair, a pair of silk hose. A dainty repast was served at the end of the game. Mrs. Abe Mayer will be hostess at the next meeting.

Miss Clara Miller of Fullerton, Ky., and Mr. David A. Tyree, of Springfield, Ohio, were married in front, Thursday, by Rev. Evans.

Prof. W. L. Dunham, of Carter, Ky., was the guest of his daughters, Mrs. A. Rainey and Miss Minnie Dunham, of 1311 Third street, while on his way to Gremp, Ky., to give vocal instructions to a class in music.

## Inside Lace Shoe The Latest

There is always something new in feminine footwear. First it was the high heel, then the cloth top trooped it and later the suede shoe asserted itself and received its full need of admiration from the feminine sex. Now it is the inside lace shoe that is the smartest thing in the new line of samples just completed by the Selby Shoe company. Finished in cloth and leather of all colors and grades the shoe laces up on the inside and is equipped with a Louis XV heel and is expected to become quite popular in the cities.

It is a distinct novelty in footwear and it was stated at the Selby factory Friday that quite a number of orders for it have already been received from Chicago firms. The shoe is made in low and high designs and has many attractive features.

Mr. and Mrs. George Youngman's baby daughter was christened Alice Jane yesterday afternoon, at half after three, at their home on Hutchins street. Rev. A. L. Maitland, pastor of the Fourth Street Methodist church, officiated. The christening robe worn by the baby was one worn by a great-grand aunt, which is over one hundred years old. The ceremony was followed by refreshments. Those present were Mr. and Mrs. J. E. Cofer, Miss Bess Cofer, Mrs. Georgia Sikes and Mr. Frank Cofer, parents, sisters and brother of Mrs. Youngman, and a neighbor, Mrs. Frank Burt.

The Holmes Club meets this evening at the home of Miss Erina Neudecker, on Third street.

Mrs. Henry Glen, of the Star Yards, was shopping in Portsmouth, Thursday.

Mr. and Mrs. Joseph Salmon have returned from a visit with relatives in Ashland, Ky.

Miss Elizabeth Ricker will arrive home Saturday evening from Cincinnati, where she went to attend the meeting of the International Kindergartners' Union.

Class No. 5 of the Christian church of Sciotoville was delightfully entertained at the home of Mrs. Bertha Scott, of Main street. The evening was spent with music and games, including a guessing contest. Mrs. Eva Reynolds won the first prize, a handsome milk plate; Miss Fawcett Crawford, second prize, a bottle of cutsup. The house was beautifully decorated with flowers and the souvenirs were small handkerchiefs, with the motto "I Cannot Tell a Lie." The toastmaster of the evening was Mr. Charles Brock. Those present were Mr. and Mrs. Brock, Mrs. J. W. Hutchins and son Howard, Mrs. Anna Reider, Mrs. Elva Platte, Miss Lola Huddleston, Miss Edith Rowley, Miss Lily Rowley, Miss Maggie Crawford, Miss Jessie Cunningham, Miss Anna Cunningham, Miss Cora Cunningham, Mrs. Eva Reynolds, Miss Bertha Allard, Miss Gladys Schuler, Miss Margaret Cunningham, Miss Fawcett Crawford.

John C. Conkle states that the girl caught on the porch of the Highland school building Monday evening is not any relation to him, and that he does not know her.

Charles P. Losh, division engineer of the N. & W. railway, was in Columbus, Friday, on business pertaining to the proposed elimination of the company's grade crossings through that city.

## SOCIETY

The beautiful new parsonage of Trinity Methodist church was opened to the members of the church yesterday afternoon and evening, when Rev. and Mrs. C. Lloyd Strecker entertained about four hundred of the church people. The living room was adorned with pink and white roses, carnations and ferns. From two until four in the afternoon, and from seven in the evening the large number of guests were received by Rev. and Mrs. Strecker, Rev. and Mrs. L. J. Ames, Mrs. S. J. Bensley, of Amesville, Mother of Mrs. Strecker, and Miss Carol Strecker, of Marietta, sister of Rev. Mr. Strecker. Assisting in entertaining the guests and also in serving in the dining room were the members of the Ladies Aid Society. The refreshments were served in the dining room, where the color scheme was yellow. In the center of the table was a basket of yellow and white narcissus, the handsome candelabra held burning candles shaded with yellow chrysanthemum shades, and the electric lights were shaded with yellow. The favors were sprays of emulins tied with yellow ribbons. The afternoon and evening Victrola music was rendered. The new parsonage is a handsome home for the church pastor, with eight rooms, bath and pantry, and being one of the most attractive streets in the city, will be a lovely place to live.

Mr. Raymond Strecker, of Marietta, who attends school at the O. W. U., Delaware, arrived last night to visit at the home of his brother and sister-in-law, Rev. and Mrs. C. L. Strecker.

Miss Lizzie Duda, of Silvan, Ky., is visiting at the home of Mrs. Eva Duda, in Wheelerburg.

Mrs. Charles Nagel entertained the Central Presbyterian Kensington Circle yesterday afternoon at the home on New Seventh street. Needlework was the diversion of the afternoon, after which an excellent lunch was served. Besides the regular members there were several guests present. Mrs. Alva Chabot will be hostess at the next meeting.

The next meeting of the Thursday Kensington Club will be held in two weeks at the home of Mrs. John Wood, on Fourth street.

Misses Martha McGhee and Pura Lewis have returned from a visit at the home of Mrs. Fairfax Dickey, in Indianapolis, Ind.

The home of Mr. and Mrs. Clifford Dudley was the scene of a pleasant surprise Wednesday evening, honoring the twenty-third birthday anniversary of Mr. Dudley. Dinner was served promptly at six thirty in the beautifully decorated dining-room by Mrs. Dudley, assisted by Mrs. Jackson, of Zanesville. The decorations were in keeping with Washington's Birthday. Ten couples enjoyed the elaborate hospitality. Many beautiful and useful gifts were received. At a late hour the guests departed, wishing Mr. Dudley many more happy birthdays.

Class Class No. 11 of the Hutchins Street Baptist Sunday school met with Mrs. Freelin Hampton, of Baird avenue, Tuesday evening. There were ten of the members present and four visitors. The next meeting will be held with Miss Bell Custer.

Mr. and Mrs. J. C. Sears, of 1624 Grant street, have returned from a month's stay at Long Beach, Florida. Mr. Sears will leave in a few days on his annual spring trip for the Selby Shoe Company.

The New Hope Class of the First Baptist church met in regular business session Thursday evening at the home of Mrs. C. C. Lika, on Lincoln Hill. The next meeting will be held at the home of Mrs. William Barber, on Front street.

Mr. Jacob Shela and Miss Barbara Shela went to Trumton today to attend the funeral of Mrs. John Kruse.

## Sick Women Attention

Is it possible there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for women—and every year we publish many new testimonials, all genuine and true. Here are three never before published:

**From Mrs. S. T. Richmond, Providence, R. I.**  
PROVIDENCE, R. I.—"For the benefit of women who suffer as I have done I wish to state what Lydia E. Pinkham's Vegetable Compound has done for me. I did some heavy lifting and the doctor said it caused a displacement. I have always been weak and overworked after my baby was born and inflammation set in, then nervous prostration, from which I did not recover until I had taken Lydia E. Pinkham's Vegetable Compound. The compound is my best friend and when I hear of a woman with troubles like mine I try to induce her to take your medicine."—Mrs. S. T. Richmond, 84 Progress Avenue, Providence, R. I.

**From Mrs. Maria Irwin, Peru, N.Y.**  
PERU, N.Y.—"Before I took Lydia E. Pinkham's Vegetable Compound I was very irregular and had much pain. I had lost three children, and felt worn out all the time. This splendid medicine helped me as nothing else had done, and I am thankful every day that I took it."—Mrs. MARIA IRWIN, R.F.D. 1, Peru, N.Y.

**From Mrs. Jane D. Duncan, W. Quincy, Mass.**  
South Quincy, Mass.—"The doctor said that I had organic trouble and he doctored me for a long time and I did not get any relief. I saw Lydia E. Pinkham's Vegetable Compound advertised and I tried it and found relief before I had finished the first bottle. I continued taking it all through middle life and am now a strong, healthy woman and earn my own living."—Mrs. JANE D. DUNCAN, Forest Avenue, West Quincy, Mass.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

## Times Service Pattern 1209

1209. A simple serviceable model. Ladies' House or Home Dress, in raised waistline, and with sleeve in either of two lengths.

As here shown dotted percale was used, with piping in blue for a finish. The design would be nice in gray and white striped seersucker, or in gingham in any of the pretty checks or plaids, likewise in chambray, poplin, or linen. White linen seems so serviceable and neat for morning dresses, relieved by a little touch of colored trimming. For flannel, etc. or cashmere, even or void this design is also appropriate. It is made with the sleeves and back in one; the back forming a yoke over the fronts. The simple coat closing made on a line with the closing of the skirt, is a practical and good feature. A flish style. The sleeve is stylish in wrist finish and comfortable and equally popular in short length. The pattern is cut in 6 sizes: 34, 36, 38, 40, 42, and 44 inches bust measure. It requires 6 1/2 yards of 44-inch material for a 36-inch size. The skirt measures 2 1/4 yards at its lower edge.

A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denomination than two cents.

**CAUTION**—Order adult pattern by number of pattern, giving bust measure for waist patterns, and waist measure for skirt patterns. For Misses and Children give number of pattern and age only.

# ANOTHER STEP IS TAKEN FOR FLOOD WALL EXTENSION

## Board Of Control Decides To Ask For Quick Action

The city board of control, headed by the mayor, expects to recommend to city council next Wednesday evening that it take immediate steps to provide the necessary legislation for beginning the proposed extension of the flood wall.

The board will recommend that a bond issue be arranged for sufficient to enable the city to extend the wall south on Chillicothe street to Mill street and east to Union street and if possible to the rear of the Richard Dawson place east of Offene street. The city engineer will have a preliminary estimate ready for council to act upon. He will run the levels for the cross wall at the end of the wall proper at the Dawson place, Saturday.

The mayor, speaking of the contemplated improvement, Friday, said he was willing that all other projects give way to the flood wall extension as it was needed and the people seemed to be clamoring for it. He could see no real necessity for paving any further streets this year, though it might be possible to undertake a few of them later and he was also anxious that the Lawson Run trunk sewer be started as it was needed and once it was built it would be possible to take up the drainage and paving of alleys in a systematic way. The mayor feels that it is imperative that the city provide protection against ordinary floods to all of its subdivisions and by building the defenses as far away from the river as possible the portion left outside will automatically abandon itself. He says it is unfortunate that the city had been built up south of Second street but this was due to the fact that it was nearest the modes of transportation of the earlier periods, pioneer trading posts in time growing into the business houses and huts into homes of the present day.

The plans for the flood wall will contemplate two openings and as many flood pumping stations. One opening will be at the corner of Mill and Chillicothe streets and while no driveway is actually needed there at present it might be used to good advantage some time in the future. The other opening will be at Union street which owing to its elevated position will form a natural ascent and descent. The wall will be at its greatest depth through the garbage dump east of Waller street.

The mayor believes that the very few property owners on Mill street and lower Union street who will be left outside of the wall will probably have to be compensated but the damages thus paid will be far cheaper than to detour the wall around the respective properties. He would also fill and raise lower Offene street from the wall north to Second and Jackson streets and also Jackson street so that in the event of any break in the wall these elevated streets would serve as a good substitute or secondary flood defense.

The first pumping station, will be at Mill and Chillicothe streets and the second station will be located at or near Paul's Gut.

## SICK CHILDREN LOVE CASCARETS FOR THE BOWELS

Get a 10-cent box now.

Most of the ills of childhood are caused by a sour, disordered stomach, sluggish liver and constipated bowels. They catch cold easily, become cross, restless, irritable, feverish, restless, tongue coated, don't eat or sleep well and need a gentle cleansing of the bowels—but don't try to force a nauseating dose of oil into the little one's already sick stomach—it is cruel, needless and old-fashioned.

Any child will gladly take Cascarets Candy Cathartic which act gently—never gripe or produce the slightest uneasiness—though they cleanse the little one's system, sweeten the stomach and put the liver and bowels in a pure healthy condition.

Full directions for children and grown-ups in each package. Mothers can rest easy after giving this gentle, thorough laxative which costs only 10 cents a box at any drug store.

The mayor has advised the engineering department to use all dirt secured in excavating on streets or in other public work for back-filling on the flood wall job.

**WIFE ASKS**

**DIVORCE**

Cruel and inhuman treatment on the part of her husband is alleged in a petition for divorce filed in common pleas court by Jennie Clifford, wife of Milton Clifford, of this city. She claims that he frequently abused her, and that on the 31st of August last, that he vigorously kicked and assaulted her. She also alleges that he cursed her, accused her of infidelity, and threatened to take away their two minor children.

She prays for divorce, custody of the two minor children, and an injunction restraining her husband from taking the two children pending the hearing of the suit. The couple were married April 6, 1883, and have four children, aged respectively 10, 16, 13 and 8 years.

**To Hold Debate**

Two debating teams, drawn from the membership of the council, will debate on the question, "Resolved, That Washington Was a Greater Man than Lincoln," at the regular meeting of the Jr. O. U. A. M. next Thursday evening. The orators were chosen at the meeting Thursday evening and are: Affirmative, Arthur Blake, Irvin Bowser; negative, John Beck, A. B. Croniger.

One candidate, Edward Martin, received the work in the Patriotic degree, which was exemplified in an excellent manner by the degree team. The application of William

Albertson was favorably acted upon, while three applications were received.

The committee in charge of the next initiation reported that a play had been decided upon which requires nineteen characters. Rehearsals have started, and the entertainment will be held some time in March. The committee includes Frank H. Schmidt, P. W. Quicker and Alva Cowan.

**URGE FIRE DRILLS**

The mayor has directed the fire chief to invite the attention of school principals and teachers of the importance of keeping up fire drills in the schools and instructing pupils in the use of exits. The mayor cites the fact that there is a penalty for neglect in this respect the statutes fixing the fines of teachers and principals at from \$5 to \$20 for each offense.

**Strong Ball Team Organized**

Troop 9 held a very interesting meeting last night at Boys' Headquarters at the Masonic Temple with a record breaking attendance out. It was one of the most enthusiastic as well as one of the most interesting meetings ever held in the history of the troop. Scout Commissioner Kinney was in charge and after the reading of the minutes by Scribo Fred Noel, the following very interesting program was rendered: One chapter from the "Adventures of Harold Montgomery;" five minute talk by Carl Walker on the subject, "The Privileges of a First Class Scout;" Raymond Bowman gave an excellent story entitled "The Legend of Indian Leap."

Mr. Kinney in a short talk then outlined just what provisions were being made by the Boy Scout Movement to take care of the boys in base ball the coming summer. That there would be the same number of leagues, but each had been promoted a notch higher. The Peerless League players the coming season will constitute the Boy Scout league; four teams from the Junior league of last season will be formed into the Peerless league, and the remaining six teams of last year's Junior league will snail under that name again this season. This means that the first two leagues mentioned will be undoubtedly faster.

The next thing on the program was the organization of the ball team of this troop, known as the "All Stars." This team copped the pennant in the Junior league last season, and should also be a pennant contender in the Peerless this season. Albert Burke was unanimously selected as manager and George Stalen as captain.

The following players signed contracts last night and will go out for the team: Howard Moritz, Raymond Lewis, Albert Burke, William Weiher, George Jeffords, Theodore Schulz, Paul Weber, Arthur Whittington, Edgar Sawyer, Albert Woods and George Stalen.

Four new members were received into the troop last night. They were: Charles Crabtree, Albert

## THREE OF ALLIES SHIPS

(Continued From Page One)

Limited at something over thirty vessels.

The Dardanelles are the key to Constantinople, and the effort to force them has been going on since the middle of December. In possession of this waterway which is a strait about 43 miles long, and from one to three miles wide between the sea of Marmora and the Mediterranean, the warships of the allies would encounter any serious difficulty in making their way to Constantinople and training their guns on the Turkish capital. Turkey always has relied upon the strength of the Dardanelles for protection from attack by sea; their defenses in the sea of Marmora and around Constantinople have been described as relatively unimportant.

Would Give Outlet For Great Wheat Supply

It has been declared that with Constantinople in possession of the allies a vast amount of Russian wheat would come out from

the Black Sea and be distributed to ports in France and England. The possession of Constantinople also would have the effect of driving Turkish naval power and particularly the former German cruisers Goeben and Breslau into the Black Sea where they would be without any port of refuge.

While the efforts to force the Dardanelles have been going on for over sixty days, the immediate operation, which according to the British official announcement has now resulted successfully, began about a week ago. Aeroplanes are said to have rendered material assistance.

The Dardanelles were forced in 1807 by an English admiral who made his way through the sea of Marmora to Constantinople but then encountered much more difficulty in getting back through the narrow waterway than he had in going in.

The Agamemnon type of British battleship is of 16,500 tons displacement and 435 feet long, with a main battery of four 12-inch guns.

## RIVER NEWS

Rains at headwaters have caused the Ohio river to rise as far down as Parkersburg. There is also a rise in the Kanawha river. The Ohio was 16.3 ft. and falling here Friday morning but expected to be rising by Saturday morning. Saturday's packet departures: Str. Klondike for Rome at 2 p. m., Str. Greyhound for Huntington at 3 p. m.

Coal shipments are expected to start out of Pittsburgh on the present rise. The steamer Greenwood is off the Ft. Pleasant dry docks again. A force of men will be put to work rebuilding the packet's hull. She will be made wider and longer. Capt. James Woodward, a well known towboat pilot, has decided to quit the river and go to his ranch in New Mexico.

## GERMANY LIKELY

(Continued From Page One)

pressed themselves as impressed by the friendly spirit in which these proposals have been advanced, and the evident desire on the part of the American administration to reach a solution of the difficulties involved in the present methods of maritime warfare, to belligerents and neutrals alike. Believed to Deal With Blockade and Foodstuffs

The American note probably will not be published here until the German response has been sent forward but there is good reason to believe that it deals with three principal subjects, namely, mine and submarine blockade of coasts; the use of floating mines, and the entry of foodstuffs for civilian populations.

It is difficult to obtain expression of opinion concerning the German point of view on these points from any of the imperial governmental departments interested in the negotiations or to overcome the censorship restrictions in treating on this matter in news dispatches sent out from Berlin by telegraph.

However, from a general knowledge of German policy and intentions it may be said with confidence that little difficult will be experienced so far as Germany is concerned in reaching a mutual agreement for the discontinuance of floating mines. The attitude of the German admiralty on mine planting along hostile coasts, however, is at the present time unknown.

## COLORADO STRIKE COST \$1,250,000

New York, Feb. 26.—The recent strike at the mines of the Colorado Fuel & Iron Company cost the company directly and indirectly approximately \$1,250,000, President Jesse F. Three candidates are to be initiated Friday evening, Adam Swords, Arthur McDermott and Charles Howe.

## Donations Wanted To Help Children

Another appeal is made to the mothers of the West End, particularly those who have children attending the lower Fourth street building to make donations of hiked articles for the "Bake Social" to be held at the Samuel Horchow furniture store on Gallia street Saturday afternoon and evening under the auspices of the Mothers' Club of the lower Fourth street building. The sale will start Saturday noon and continue until late Saturday night.

Proceeds of the sale will be turned into the fund from which clothing and necessities of life are purchased for the poor and needy children of the building. The fund is almost exhausted, and the club is anxious to make enough from the sale to last for the balance of the school year.

## Fire Scare

The home of Thomas E. Lanier at 1401 Franklin avenue, was the scene of quite a fire scare at midnight Thursday. Mrs. Lanier had just returned home from a visit and was terrified at the sight of flames shooting forth from the chimney. She ran screaming to the home of Fire Chief W. A. McQuat nearby and routed him out of bed. He appeared her fears with the assurance that it was only the soot in the chimney that was burning and then hurried to the Hill Top engine house to keep the firemen from rushing to the scene. The trouble had been caused by overloading the furnace of the home with coal earlier in the evening.

## Quick Action Prevents Fire

Woodwork in the basement of the C. L. Frederick home at 520 Union street ignited about 5:30 o'clock Thursday evening, when the flue pipe on the Rudd heater fell off, allowing the blaze to spread. Mrs. Frederick, who was upstairs, smelled the smoke, and turned in an alarm to the fire department.  
The East End company responded and the firemen extinguished the blaze with chemicals, the damage being about \$20.

## John Evans Gets More Publicity

That the address of President John W. Evans was regarded as the highest class one delivered at the recent Lincoln birthday celebration of the colored uplift club, and that the "also speakers" had no reason to feel offended because his address was the only one printed in the local papers is shown by an account of the meeting that appeared in "The Freeman," a newspaper for colored people, published at Indianapolis. This paper has a local agent and correspondent, Garrett Sparks. In his account of the meeting he says, "Chairman John Evans then delivered his address on Lincoln. We are all glad to hear Mr. Evans in one of those addresses that stir up the people."  
Of the other orators The Freeman just says that they spoke and gives the subjects of the addresses and the names of the speakers. So it would seem that Messrs. Lawrence Johnson, W. E. Haley, Jas. Melvin et al have no kick coming on the press for not giving them space when their own race paper classes them "among those present."  
Col. Evans seems a little too smooth for his co-laborers in the uplift cause.

## NEW BOSTON

Birch Hunt, steel plant employee, has found no trace of the automobile tires which were stolen several days ago from the Portsmouth-New Boston Transfer company's barn on Gallia pike, near Young street, city.

The board of education will meet Friday evening in the town hall at 7:30 o'clock. Matters relating to the new four-room brick addition to Stanton avenue school will be taken up. Bids on the work will be received until noon March 6th.  
Members of the W. O. W. lodge met in regular weekly session Thursday evening. The membership continues on the increase, five applications being received at last night's meeting. The boxing match between Wm. Hensley and Jesse Payton went several rounds to a draw. Albert Ashcraft, who was to box Hensley, had a sudden attack of "cold feet" and failed to show up. Boxing matches of several rounds duration will be given for the benefit of the members after each meeting. The boxers are members of the order.

Council will meet in regular session Monday night. Now that an ordinance has been passed defining the duties of a deputy marshal, including the lighting and turning off of the village lights, the question arises who is going to have the job. Some action will be taken on the matter Monday evening.

Mrs. A. B. Griffin, of Ohio avenue, has recovered from a slight illness.

The Ladies' Aid Society of the Baptist church held a very interesting all day meeting in the basement of the church Thursday.

Vernon Smith, Oak street school teacher, has resumed his duties after a several days' illness.

Will Webb, steel plant employee, who sold his home on East Rhodes avenue several days ago, has moved his family to a farm about five miles back of Wheelersburg.

Miss Olive Morgan and Miss Edna Cameron will leave Saturday for a visit with Miss Morgan's uncle and aunt, Mr. and Mrs. Earl Simpson, of Cleveland.

Mr. and Mrs. Albert Dattel have moved from Stanton avenue to rooms in the rear of the Harry Smith barber shop in the Davis building on the Gallia pike. Dattel is a carpenter.

Mrs. Samuel Clark, of Lakeside, who was operated on several weeks ago, is slowly convalescing.

It was reported Friday that Squire William McManes would open a furniture store in the old Cooper building on Gallia pike, recently occupied by G. M. Warder.

Butcher Lawrence Pritch, of Ohio avenue, butchered a hog Thursday that tipped the scales at 700 pounds even.

## Don't Ever Be The Devil's Football

SAYS REV. ALBERT L. MARTING

The audience that are listening to Rev. Marting in the evangelistic services at the Fourth Street M. E. church are growing from night to night. The spirit is one of expectancy, and all are of one accord. The officials of the church are supporting their pastor grandly, and great things are being achieved. One soul found peace in the quiet of her home yesterday. This only indicates how the Spirit of God is at work. There were no conversions at the service last night, but a number of persons have promised to give themselves to God and a great meeting is looked for this evening. Rev. Marting spoke last night of "The Consequences." The following passages of Holy Writ were used: Isaiah 57:21: "There is no peace, saith my God, for the wicked." John 8, 34: "Whosoever committeth sin is the servant of sin." John 3, 36: "In that beloveth not the Son shall not see life; but the wrath of God abideth on him." There are a few samples of that which was heard last night: "You consider the consequences of everything that sin."  
"What a fool a man is to wander about for thirty years without peace, when he can have it in five minutes."

## PERFECT POTATO PLANTING

Every skilled hill is a loss—In fertilizer, labor and land—and every double a waste of expensive seed and mechanical power. It means \$10 to \$20 an acre extra profit from the average field if all those hills are planted. It is this margin that more than pays for us.

## IRON AGE 100% POTATO PLANTER

It does every seed piece just where you want it—right depth and right distance apart. Sows fertilizer at the same time. In 4 or 6 inch rows across the furrow. Yes, without touching the seed.  
Made this year with a new steel frame and steel seed box—lighter, stronger and more durable.  
Many attachments make this machine of value all through the season—for side dressing, ridging, raking up rows, opening or covering furrows and a corn, bean and pea planter. Fertilizer distributors in two sizes, regular, which holds a ride over half a sack, and a large one that holds a whole sack.  
Call and see these machines, find out why they are accurate and fast for new booklet, "100% Potato Planting."

### TINKER SAYS JOHNSON MUST REPORT TO FEDS

Chicago, Feb. 26.—Walter Johnson, star pitcher of the American League who jumped to the Chicago Federals from the Washington Americans last fall, and then returned to Washington, has been notified to report for spring training at Shreveport, La., on March 8, Manager Tinker of the Chicago Federals announced today.

Tinker said he addressed Johnson not to report to Washington, in the event that he decided to join the Federals, until after United States District Judge Landis announces his decision in the Federal league anti-trust suit. "This decision may determine Johnson's case," Tinker said "and I understood he's decided to go wherever Judge Landis decides he belongs."

### MRS. BRITTON BRINGS CHOCOLATES TO CLUB OWNERS' MEETING; OTHER FEMINISMS MAY CREEP INTO THE NATIONAL PASTIME

Mrs. Helene Hathaway Britton, owner of the St. Louis Cardinals, upset a bit of tradition when she appeared at a recent meeting of the National league magnates with enough chocolates to go all the way around. As a usual thing malt liquor or even more exhilarating fluids offer the chief refreshment.

### ECONOMY CAUSES CHAS. O'LEARY TO LOSE HIS BERTH IN 'FRISCO

Charles O'Leary, former Detroit favorite, has joined the ranks of the unemployed because of the wave of economy in the minor leagues. Harry Wolverton, manager of the San Francisco club, has decided that he cannot meet O'Leary's terms, though admitting that the player is worth all he asks.

O'Leary played third base for the Seals since leaving the St. Louis Cardinals, and has been a coast fielding star. Last year he hit only .218, but led the league in sacrifice hits, with sixty-seven. His nearest rival gave up his life on foul forty occasions.

While with the Detroit club during the 'tigers' pennant-winning days, O'Leary had the reputation of being the most valuable utility fielder in the major leagues.

Unhappy always liked to see Charlie work at second or third for Detroit. "O'Leary is the easiest man in the world for an umpire," said Billy Evans. "He touches a runner cleaner than any of them and you never have any difficulty deciding whether the runner is safe or out."

### WELSH WON FIGHT

Milwaukee, Wis., Feb. 26.—Freddie Welsh outboxed Charlie White in a ten round no-decision boxing contest at the Auditorium tonight, according to the almost unanimous opinion of sporting writers.

Welsh appeared to have had the advantage of five rounds, the third to seventh inclusive. White shaded his opponent in the ninth and tenth and the first, second and eighth appeared to be even.

### Here Is The Official Call

(State Journal)  
In Trenton next Wednesday afternoon a preliminary meeting of the Ohio State League will be held. At that time it is thought that a definite announcement as to the league's future can be made.

### Burch To Be Senator

Outfielder Al Burch, secured two years ago by Louisville from Brooklyn, has accepted Columbus terms and will endeavor to make himself one of the best to Manager Hulsbush. Recently he secured his unconditional release from the Louisville club.

### Wolgast Is Through

New York, Feb. 26.—Ad Wolgast, former lightweight champion, injured his right arm again while training today, and will be unable to meet Leach Cross of this city tonight. Johnny Dundee of this city has been substituted.

### The Reds' Infield

Manager Herzog announced that his infield, at least for the early games, will consist of Mollwitz at first base, Grant at second, Olson at third and himself at short. This effectively dispenses of the story that he would shift over to third base, his old position. Herzog played wonderful ball at shortstop last season and he will remain in the position where he covers a world of ground and is especially strong on touching runners at second base.

### WHITTIER IS BEATEN

San Francisco, Cal., Feb. 26.—The Olympic club basketball team of San Francisco won the amateur athletic union basketball championship of the United States last night by defeating Whittier College of Southern California in the final game of the season by a score of 29 to 16.

### HIGH SCORE

Washington, Feb. 26.—Jowa City high school made the high score of 988 out of a possible 1,000 in the seventh week's match for the public high school rifle shooting championship of the United States in which that team still leads Class A.

### COMISKY ILL

San Francisco, Feb. 26.—Charles A. Comisky, owner of the Chicago American League club, is confined to his room in a hotel here, suffering from a severe attack of stomach trouble.

### RESCHER REPORTS

London, O., Feb. 26.—Bob Rescher, left fielder of the New York Giants, left this afternoon for Marlin Springs, Tex. He is in the best possible condition and expects a good season.

### ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD—CATARRH GOES

Instantly Clears Air Passages; You Breathe Freely, Nasal Discharge Stops, Head Colds and Dull Headache Vanish.

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open, you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasal discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dripping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

### ASHLAND TONIGHT

The management of the Ashland high school basketball quintet sent word to Coach Cornet Thursday that they would be here tonight with a strong lineup, and their own umpire. Portsmouth will furnish the referee and timekeeper.

It is the first time that a visiting team has requested that one of their own men act as an official in a game. Kitch one of the city's best basketball players has refereed all the home games this season to the entire satisfaction of the visitors.

"Casey" Jones, who has been out on account of an abscess on his thumb, will be back in the game with a quantity of speed and pep.

Test, the local center who stands by the basket and just naturally puts the ball in the net has made 100 points of the 251 scored by the whole team. P. H. S's opponents have only been able to secure 155 points in eight games. Portsmouth's record is five won and three lost. The lineup tonight will be, Jones, P. F., Switschun L. F., Test, H., Brande, B. G., Wilson L. G.

The game will start at 8 o'clock. It will cost twenty-five cents instead of fifteen cents to see this game.

## Steal March On Friends; Are Wed In West Virginia

William A. Wilson, of 1511 Third street, clerk in the offices of the Excelsior Shoe company, and Miss Magdalene Prantz, daughter of Mr. and Mrs. Joseph Prantz of 601 Market street, stole a march on their relatives and friends Thursday afternoon by eloping to Huntington, W. Va., where they were married. They returned to this city Friday morning and received the forgiveness of their parents and the congratulations of their many friends.

The bridegroom is the son of Mr. and Mrs. James H. Wilson of 1511 Third street, and holds a

responsible position in the offices of the Excelsior Shoe company. His bride is a popular local music teacher, born and raised in this city and enjoying wide acquaintance. They have been kept busy all day Friday receiving the congratulations and best wishes of their friends.

They intended keeping their marriage secret, but some of their friends missed them from their usual haunts and called up a Huntington newspaper and found out that a license was issued to them February 25. All of their friends unite in extending to them good luck and best wishes.

## STOPS HEADACHE, NEURALGIA, LUMBAGO

Drives Away Rheumatic Pains and Reduces Swollen Joints Speedily—Splendid for Pleurisy, Tonsillitis and Bronchitis

You can't beat Hays' Mustardine. It's the original, standard preparation that doctors have been prescribing for 15 years and it is guaranteed by your druggist to do exactly as advertised or money back. Just rub it on and sure throat, coughs and chest pains go over night. A 25-cent box is equal to 10 inferior mustard "shiners," yet Hays' Mustardine will not blister the tenderest skin. Use it for sore throat or pain for sprains, sore muscles, stiff neck, fatigued feet, chilblains and sore, itching feet. It's the most effective, reliable remedy on the market today and your druggist will gladly show you a box. Ask him. Its name is Hays' Mustardine in the rubber box—25 and 50 cents. Wurster Bros., can supply you.

## MARTIN WILL IS FILED

The will of William Z. Martin, late of this city, was filed for probate Friday afternoon. The entire estate, real, personal and mixed, is bequeathed to his widow, Catherine Z. Martin, who is also nominated to serve as executrix without bond. The other heirs are two sons and three daughters.

## Judge Osborn Is In Receptive Mood

Judge George M. Osborn, president-pro-tem of city council, admitted Friday that he was considering the advisability of seeking the Republican nomination for mayor. The judge said friends had suggested to him to make the race and that after weighing the matter for some time he felt that his experience in municipal affairs gave him some qualification for the office—if he

had no other—and that he would look over the field and if he received sufficient encouragement would become a candidate. George Gulker, a well-known councilman, who has also been mentioned as a mayoralty candidate on the Republican ticket, said Friday that he was not considering such at this time, though friends had solicited him to do so.

## Club Owners Will Meet In Charleston

President William N. Gableman and Will Zottman left Friday for Charleston where they will hold a conference with L. E. Smith of that city and Tom Sheets of Lexington. Sheets was in telephone communication with Mr. Gableman last night and arranged to attend the meeting in Charleston.

Rumors were rife in base ball circles Friday that this meeting may result in a change being made in the official family of the league. No statements were given out, but there was an undercurrent to this effect. It is a certainty that Portsmouth, Charleston and Lexington will have a lot to say about the complexion of the 1915 Ohio State league and who will look after its destinies.

#### TINKER SAYS JOHNSON MUST REPORT TO FEDS

Chicago, Feb. 26.—Walter Johnson, star pitcher of the American League who jumped to the Chicago Federals from the Washington Americans last fall, and then returned to Washington, has been notified to report for spring training at Shreveport, La., on March 5, Manager Tinker of the Chicago Federals announced today.

Tinker said he addressed Johnson not to report to Washington, in the event that he decided to join the Federals, until after United States District Judge Landis announces his decision in the Federal league anti-trust suit. "This decision may determine Johnson's case," Tinker said, "and I understood he's decided to go wherever Judge Landis decides he belongs."

#### ASHLAND TONIGHT

The management of the Ashland high school basketball quintet sent word to Coach Cornet, Thursday that they would be here tonight with a strong lineup, and their own umpire. Portsmouth will furnish the referee and timekeeper.

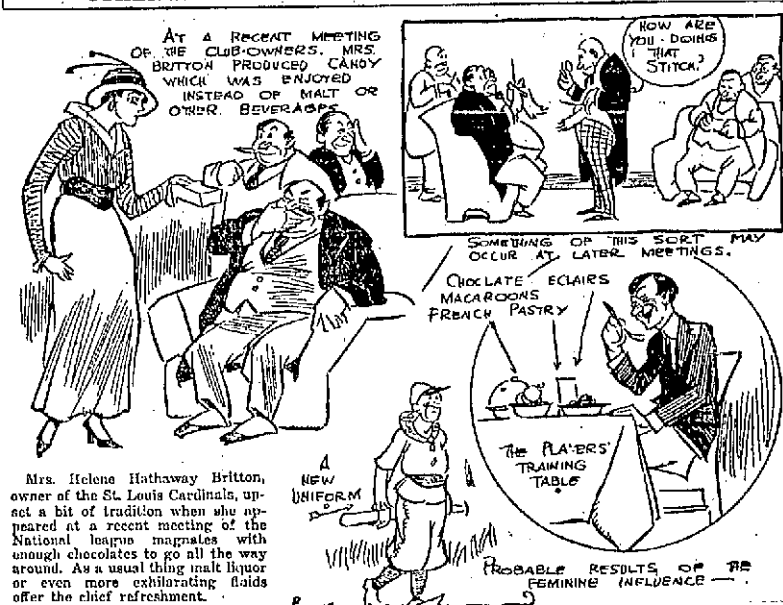

It is the first time that a visiting team has requested that one of their own men act as an official in a game. Kitch one of the city's best basketball players has refereed all the home games this season to the entire satisfaction of the visitors.

"Casey" Jones, who has been out on account of an abrasion on his thumb, will be back in the game with a quantity of speed and pep.

Test, the local's center who stands by the basket and just naturally puts the ball in the net has made 400 points of the 501 scored by the whole team. P. H. S's opponents have only been able to secure 150 points in eight games. Portsmouth's record is five won and three lost. The lineup tonight will be, Jones, R. P., Swisshelm L. F., Test C., Brandie, R. H., Wilson L. C.

The game will start at 8 o'clock. It will cost twenty-five cents instead of fifteen cents to see this game.

#### ECONOMY CAUSES CHAS. O'LEARY TO LOSE HIS BERTH IN 'FRISCO

Charlie O'Leary, former Detroit favorite, has joined the ranks of the unemployed because of the wave of economy in the minor leagues. Harry Wolcott, manager of the San Francisco club, has decided that he cannot meet O'Leary's terms, though admitting that the player is worth all he asks.

O'Leary played third base for the Seals since leaving the St. Louis Cardinals, and has been a Coast fielding star. Last year he hit only .318, but led the league in sacrifice hits, with sixty-seven. His nearest rival gave up his life on but forty sacrifices.

While with the Detroit club during the "Tiger" pennant-winning days, O'Leary had the reputation of being the most valuable utility fielder in the major leagues.

Umpires always liked to see Charlie work at second or third for Detroit. "O'Leary is the easiest man in the world for an umpire," said Billy Evans. "He touches a runner cleaner than any of them and you never have any difficulty deciding whether the runner is safe or out."

#### GIANTS ON THEIR WAY

New York, Feb. 26.—Richard (Duke) Federals early in the winter left for the Marlborough, who jumped to the Brooklyn training camp of the game with the local quintet.

#### WELSH WON FIGHT

Milwaukee, Wis., Feb. 26.—Freddie Welsh outboxed Charlie White in a ten round no-decision boxing contest at the Auditorium tonight, according to the almost unanimous opinion of sporting writers.

Welsh appeared to have had the advantage of five rounds, the third to seventh inclusive. White shaded his opponent in the ninth and tenth and the first, second and eighth appeared to be even.

#### Here Is The Official Call

(State Journal)  
In Ironton next Wednesday afternoon a preliminary meeting of the Ohio State League will be held. At that time it is thought that a definite announcement as to the league's future can be made.

#### Burch To Be Senator

Outfielder Al Burch, secured two years ago by Louisville from Brooklyn, has accepted Columbus terms and will endeavor to make himself one of the 16 best to Manager Hulswill. Recently he secured his unconditional release from the Louisville club.

#### Wolgast Is Through

New York, Feb. 26.—Ad Wolgast, former lightweight champion, injured his right arm again while training today, and will be unable to meet Louis Gross of this city tonight. Johnny Dundee of this city has been substituted.

#### The Reds' Infield

Manager Herzog announced that his infield, at least for the early games, will consist of Mollwitz at first base, troth at second, Olson at third and himself at the short field. This effectively dispenses of the story that he would shift over to third base, his old position. Herzog played wonderful ball at shortstop last season and he will remain in the position where he covers a world of ground and is especially strong on teaching runners at second base.

The tied center has a good deal of confidence in Fred Mollwitz as a first baseman. Of course, the only question about Moll is as to whether he can hit or not. He is a sweet fielder, being surpassed by no one in the league in covering the bag and handling both thrown and ground balls. He was very weak at the bat last season and there have been numerous fans who thought that he would be replaced by a harder hitter.

#### WHITTIER IS BEATEN

San Francisco, Cal., Feb. 26.—The Olympic club basketball team of San Francisco won the amateur athletic union basketball championship of the United States last night by defeating Whittier College of Southern California in the final game of the season by a score of 29 to 16.

#### HIGH SCORE

Washington, Feb. 26.—Town City high school made the high score of 938 out of a possible 1,000 in the seventh week's match for the public high school rifle shooting championship of the United States in which that team still leads Class A.

#### COMISKEY ILL

San Francisco, Feb. 26.—Charles A. Comiskey, owner of the Chicago American League club, is confined to his room in a hotel here, suffering from a severe attack of stomach trouble.

#### DESCHER REPORTS

London, O., Feb. 26.—Bob Descher, left fielder of the New York Giants, left this afternoon for Marlborough, Tex. He is in the best possible condition and expects a good season.

## Steal March On Friends; Are Wed In West Virginia

William A. Wilson, of 1514 Third street, clerk in the office of the Excelsior Shoe company, and Miss Magdalene Prantz, daughter of Mr. and Mrs. Joseph Prantz, of 601 Market street, stole a march on their relatives and friends Thursday afternoon by eloping to Huntington, W. Va., where they were married. They returned to this city Friday morning and received the forgiveness of their parents and the congratulations of their many friends.

The bridegroom is the son of Mr. and Mrs. James H. Wilson of 1514 Third street, and holds a responsible position in the office of the Excelsior Shoe company. His bride is a popular local music teacher, born and raised in this city and enjoying wide acquaintance. They have been kept busy all day Friday receiving the congratulations and best wishes of their friends.

They intended keeping their marriage secret, but some of their friends missed them from their usual haunts and called up a Huntington newspaper and found out that a license was issued to them February 25. All of their friends unite in extending to them good luck and best wishes.

## Judge Osborn Is In Receptive Mood

Judge George M. Osborn, president-pro-tem of city council, admitted Friday that he was considering the advisability of seeking the Republican nomination for mayor.

The judge said friends had suggested to him to make the race and that after weighing the matter for some time he felt that his experience in municipal affairs gave him some qualification for the office—if he had no other—and that he would look over the field and if he received sufficient encouragement would become a candidate.

George Guller, a well-known councilman, who has also been mentioned as a minority candidate on the Republican ticket, said Friday that he was not considering such at this time, though friends had solicited him to do so.

## Club Owners Will Meet In Charleston

President William N. Gableman and Will Zottman left Friday for Charleston where they will hold a conference with L. B. Smith of that city and Tom Sheets of Lexington. Sheets was in telephone communication with Mr. Gableman last night and arranged to attend the meeting in Charleston.

Rumors were rife in base ball circles Friday that this meeting may result in a change being made in the official family of the league. No statements were given out, but there was an undercurrent to this effect.

It is a certainty that Portsmouth, Charleston and Lexington will have a lot to say about the complexion of the 1915 Ohio State league and who will look after its destinies.

## TERMINALS

W. L. Ledbetter, a stationary engineer of Third street, has had his household effects shipped to Roanoke where he has accepted a job as steam shovel engineer with the N. & W.

John Thomas, stenographer in J. T. Carey's office, was back to work Friday after attending the funeral of an uncle in Jackson, Ohio, Thursday.

C. I. Cheyney, N. & W. chief clerk, has a new Excelsior wheel which was delivered to him Friday morning at the office.

L. C. Ayers, former assistant superintendent of the Seinto Division located here, now assistant superintendent of the Pocahontas division of the N. & W., will be home Saturday to visit home folks. Jacob Ayers, young son of L. C. Ayers, who has been ill with diphtheria, is getting along nicely. Ayers will return to his duties Monday.

J. F. McMillan, N. & W. assistant trainmaster with headquarters in Kenova, W. Va., was in the city Thursday and left last night for Williamson, W. Va., on company business.

William Wallace, of 2558 Gallia pike, had his head cut and bruised Thursday afternoon. Wallace is a "tump rider" and was walking along the tracks when a lump of coal fell from a car and struck him on the head. Edward Kelly and J. M. Krall, fellow employees, were witnesses to the accident.

A large congregation greeted Rev. F. B. Osborne Thursday evening at the regular tabernacle prayer service. It was the first time Rev. Osborne conducted a preaching service at the tabernacle since he started the Seinto-ville M. E. revival five weeks ago.

James S. Patten, N. & W. master mechanic, has returned from a business trip to Cincinnati.

O. A. Kraver, formerly connected with the chain department of the N. & W. in this city, is now located in Norfolk, W. Va. He has written local friends that he will be in this city the first of next week.

Mr. and Mrs. H. M. Bell of Walnut street, have moved to the country.

N. & W. extra freight 1085-1019 in charge of Conductor F. J. White and Engineer J. F. Hanzo derailed one car of coal near Higby's Thursday afternoon. The local and Columbus wreck crews cleared the tracks in forty minutes.

Homer Brunton, former clerk to Road Foreman of Engines H. S. Walker, was a caller at the N. & W. division offices Friday. He is devoting his entire time to his motorcycle and bicycle business and is trying to induce several of his former fellow clerks to purchase bicycles. He was demonstrating the workings of the new motor-bicycle that made its appearance in the city several days ago to his friends near the offices Friday noon.

Mrs. W. H. Harlow, wife of an N. & W. employee, was called to Glen Hayes, W. Va., Thursday, on account of the death of her brother.

# RIGHT OF WAY DEEDS

Five more deeds, transferring property to the Ohio Valley Traction company for right-of-way purposes, were filed for record at the recorder's office Friday morning. In each instance the deed calls for a strip of land fifty feet wide. The grantors are Mary L. and Herman Orthmeyer, David Glitts and wife, W. S. Burke, George Gerlach, and Andrew J. Hyland, all of Green township. The considerations were not given.

## CAN'T FIND NAME IN RECORDS

Captain Creed S. Milstead and W. H. Williams, after a diligent search through the records, failed to find the name of S. V. Arnold among the members of the 26th O. V. I. during the Civil War. They interested themselves in the matter when they learned that Arnold was in bad straits at Chattanooga, Tenn., and had enlisted aid of the authorities to get him back to his old home in Scioto county. The Chattanooga authorities will be advised of their investigation by County Treasurer Caldwell, to whom the original inquiry was directed.

## Guardian Resigns

# TOOK HUMANE OFFICER AND TWO OFFICERS TO REMOVE AFFLICTED BOY

It required the combined efforts of two police officers, the humane officer, and visiting nurse, to take Lundy Craig, the fourteen-year-old imbecile child of Mr. and Mrs. P. T. Craig, of the Red Row, from the custody of his parents, Friday morning. He was later placed in the care of Mrs. Emma Mefford, of Front street, with whom arrangements had been previously made.

Acting upon the authority of Juvenile Judge Beatty, Humane Officer Harry Ball, accompanied by Officers Moore and Bonza and Mrs. Emma Barbara McFadden, the visiting nurse, went to the Craig home at nine o'clock to take possession of the unfortunate lad. Defiantly awaiting their coming were Mr. and Mrs. Craig, who had previously declared that they would shoot the first person who dared take their child away from them, it is claimed. Mrs. Craig had barricaded the door with a large barrel, and stood inside shaking her fist at the officers as they approached the house.

The two police officers hesitated, but were waved ahead by Humane Officer Ball, who had instructions from Judge Beatty to carry out his order. Forcing an entrance the party reached the inside, where the mother had taken a position in front of the bed in which the imbecile youth was lying. She continued to shake her fist at the officers, and defied them to lay their hands upon her child. The father, a short distance away, was walking up and down the room with a two-year-old baby in his arms, pleading with the officers to leave his son in his care.

Turning a deaf ear to their pleadings and threats, the officers proceeded to the bed and lifted the child out of it. According to the statements of the members of the party, the child's clothes were so filthy that they refused to carry him out of the house in that condition. Every piece of clothing was taken off of him, and he was wrapped up in a warm blanket, in which condition he was carried to the home of Mrs. Mefford. There clean clothing was provided for him immediately.

Mr. and Mrs. Craig followed the party to the door and out of the house, begging and threatening in turn, but to no avail. The child is now in the care of Mrs. Mefford, where he will remain until further order of the court.

For the past several weeks the case of the youth has attracted considerable attention, owing to the fact that it was claimed that he was improperly clothed and cared for, and mistreated by his parents. It was also claimed that the environment in which he lived was not conducive to an improvement of his condition.

Individuals and organizations got busy in his behalf, and finally succeeded in arousing sentiment in favor of his removal to a better home. Only last week, arrangements were completed for his removal to Mrs. Mefford's home, but Mr. Craig succeeded in preventing it by promising Judge Beatty that he would move to the country and take the child with him.

Within the past few days, Judge Beatty became convinced that the father was not sincere in his promise, and Thursday afternoon he ordered Humane Officer Ball to carry out the original plan. Mr. Ball had made an in-

vestigation of the case in the meantime, and also of the place where it was intended to place the boy, and had recommended such action to the court.

Mr. and Mrs. Craig called upon Judge Beatty, Friday afternoon, and endeavored without success to induce the judge to give their boy back to them. He informed them that for the present the boy would be left where he was, but should he become convinced at any time that they would give him the proper care and treatment, he would give him back to them.

Money to pay for the lad's care by Mrs. Mefford has been raised by voluntary subscriptions through the Associated Charities. Twenty-five cents a week is still needed, and it is hoped that some one will come forward with a subscription for that amount. It is also desired that those who had previously subscribed amounts forward their weekly donations to the visiting nurse as soon as possible.

## BOND ISSUE BOOSTED

B. O. McCowen, county superintendent, and Paul E. Cromer, district superintendent, addressed a well attended meeting of the voters of Madison township at the Salem school house Thursday evening in favor of the proposed centralized high school building at Harrisonville for Harrison and Madison townships, and Harrisonville. Keen interest developed among those present in favor of the proposition, and the general impression is that it will carry at the election to be held on March 2, they say.

# Good buying sense

If you buy a suit now, you'll get it for a good deal less than it's worth; the same thing is true of buying an overcoat. The money saving is in getting more for your money rather than in spending less. ## LONG DISTANCE "WIRELOGUE" IS LATEST

The following very clever long distance "wirelogue" is from the current issue of Harper's Weekly:

New York: Hello, Frisco!

Frisco: Hello! Yes?

New York: Who's that calling?

Frisco: Can't you guess?

New York: The voice is strange and far away.

Frisco: I cannot place it.

New York: Till today

Frisco: You never heard me speak your name.

New York: Yet I'm an old friend, just the same.

Frisco: Old friend! Who are you, anyway?

New York: Why did you call me?

Frisco: Just to say "Hello" and pass the time of day.

New York: Good evening!

Frisco: Same to you, but why Good "evening" when the when the sun's still high?

New York: Steeped in his gold my garden lies.

Frisco: Bright as Aladdin's paradise.

New York: I've just been gathering pinks, and roses.

Frisco: And orange blossoms—

New York: Holy Moses!

Frisco: Here we are talking you and me.

New York: You underneath an orange tree.

Frisco: Is your daughter pale?

New York: Does she inherit a delicate organization from you? The anemia of young girls may be inherited or it may be caused by bad air, lack of proper food, insufficient out-of-door exercise, hasty and irregular eating and not enough rest and sleep.

Frisco: It comes on gradually, beginning with languor, indisposition to mental or bodily exertion, irritability and a feeling of fatigue.

New York: Later comes paleness of the face and tendency to a majority of cases constipation is present. Often the patient craves unusual things to eat, such as starch or chalk. There may be no loss of flesh but the complexion takes on a greenish-yellow pallor.

Frisco: There is no need to worry in a case of this kind. The treatment is easy and simple. Dr. Williams' Pink Pills, non-alcoholic and free from any harmful drug, are just the tonic to remedy this condition.

New York: Improvement begins with the first dose. As the blood is made rich and red the regular color leaves the face, strength and activity gradually return and if the treatment is continued until the last symptom disappears the danger of relapse is slight.

Frisco: A booklet, "Building Up the Blood," which tells all about this treatment, will be sent free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y.

New York: All druggists sell Dr. Williams' Pink Pills.

Frisco: The! I don't blame him, arcing you're the business!

New York: Stop your nonsense, please!

Frisco: And don't be such an awful tease.

New York: Tell me your name, sir, right away.

Frisco: Or I'll ring off—

## MR. KRICKER IS HEAD OF SINKING FUND TRUSTEES

Re-organization of the Board of Sinking Fund Trustees, made necessary by the death of the president, the late George M. Appel, was effected at a special meeting of the board Thursday evening. Just before the meeting was called to order, Mayor Erick administered the oath of office to the new member, Frank B. Kehoe, appointed to succeed the late Mr. Appel.

Vice-President S. Coles Peebles called the meeting to order, and immediately presented the name of George E. Kricker, the oldest member of the board, as president. He was elected unanimously. In assuming the chair, Mr. Kricker paid a high tribute to Mr. Appel, especially referring to the fact that, despite his weight of business affairs, he was ever ready to adjust the time of meeting of the board to suit the convenience of the other members.

Mr. Bannon presented the name of S. Coles Peebles for vice-president, and he was elected without opposition. The city auditor, George L. Gahmann, is clerk of the board by virtue of his office.

The board later unanimously decided to take over the \$10,000 worth of bonds recently issued by the city council to pay the cost of the construction of the Cecil Miller sewer in the East End and the Portsmouth Paving Brick Company's sewer in the North End.

At the January meeting of the board Arthur H. Bannon was appointed as a committee to draft resolutions of respect to the memory of the late George M. Appel. He presented those resolutions Thursday evening and they were unanimously adopted. One copy was spread upon the minutes, and two copies ordered to be forwarded to the newspapers. A fourth copy, signed by all the members, will be delivered to Mrs. Appel.

The resolutions read as follows: To the President of the Trustees of the Sinking Fund, Portsmouth, Ohio:

Sir:—Your committee, appointed to draft resolutions of respect suitable to perpetuate on our records the memory of the late George M. Appel, herewith submits the following resolution:

Whereas, the nearest approach any person can make to perfection on this earth is to be loved by all who knew him; and

Whereas, the well considered opinion of the whole mass of the people on any subject comes as near being absolute justice as it is possible for mortal minds to reach; and

Whereas, the expressions of sincere regard for him living, and of deep sorrow at his death are universal, and indicate a habit of mind of all the people, having its origin in the beginning of his career.

Therefore, Be it Resolved, that with the record of this resolution we join in his well-earned and unbounded praise, and that in our future deliberations we show our appreciation of his matchless leadership for so many years by following in the way he has pointed out.

Respectfully,  
GEORGE E. KRICKER,  
ARTHUR H. BANNON,  
S. COLES PEEBLES,  
FRANK B. KEHOE,  
Committee.

## Buried 26 Days In Pile Of Debris

Do you think it is possible for a man to live 26 days under a pile of debris caused by the disastrous earthquake that recently visited Italy?

According to Joseph Mastropalo, a local musical dealer who received a letter from his father who was near the stricken zone he knew a man who had this harrowing experience and will live, according to Mastropalo's letter from his father. All the poor fellow had during his horrifying experience was melted snow that sifted through crevices and was melted by the lava and wreckage that imprisoned the victim. He was dug out about dead, but will survive his terrible ordeal it is said.

## "THE BEST WINE LAST"

Sunday evening services at the First Presbyterian church will be of special interest. The pastor will preach on the subject "The Best Wine Last," an evangelistic sermon dealing with some of the greatest problems of life.

The First church chorus choir will sing the anthem, Miss Berry will have the solo. The church male quartette, which has been delighting the audience with its after sermon selections will close the service with one of its numbers. This quartette is composed of Messrs. Fred Lorey, Harry Boyd, M. H. Kinsey and Wm. H. Schwartz, and for several weeks its singing has been one of the features of the music at this church.

## SPECIAL INVITATION

A special invitation is extended to all by Rev. A. R. Connell, of Bigelow Methodist church to attend the revival services which begin this Sunday evening at 7 o'clock. G. W. Good, a noted singing evangelist will have charge of the music, which will be made a feature of the meetings. Services each night next week, excepting Saturday night.

## Rarden Is Swept By Revival, 46 Converted

A splendid revival is now in full progress in the Rarden M. E. church and it is being conducted by Rev. J. J. Epton, of Ottawa, who is assisted by Rev. W. A. Williams, who is located back of Sciotoville. The meetings will last through next week. So far there have been 46 conversions and 22 accessions.

Revs. Epton and Williams are splendid pulpit orators and have interesting messages to the large audience, which have nightly crowded the Rarden church. Special music is being rendered and the meetings are of unusual interest. Rev. Epton just recently closed one of the greatest revivals ever held in Ottawa.

## Splendid Paper On The Negro Question

The well attended meeting of the Afro-American league held Thursday night was featured by a splendid letter sent to this organization by Rev. J. W. Dunning, pastor of the First Presbyterian church of this city. At the request of President John Evans, Vice President Grant Metcalf read Rev. Dunning's open letter, which follows:

The race problem emerges at the very dawn of history. The story of the confusion of tongues on the book of Genesis is one of the earliest efforts to account for the difference of race. This history is evidently an allegory to explain the varied languages men speak. The writer tells us the earth was one language and one tongue. Of course, he is referring to that part of the world which he knew, a narrow strip of land in Central Asia 1500 miles long and 500 miles wide.

He knew nothing of Africa, Eastern Asia, Europe or the vast regions of the world. The official teaching of the story is clear. There was an attempt to bind the races together, not in any divine unity or brotherhood, but around a human intuition symbolized in a tower. Confusion of tongues and dispersion was the inevitable result.

The conflict of the races had begun and no artificial institution even though its top reached to heaven could check it. The subsequent history of the races has been a series of conflict.

One race of men is discovered in bondage to another in Egypt. Finally, they leave Egypt only to endure afresh the horrors of racial wars without number. Now it is the Greek arrayed against the Babylonian; the Babylonian warring against the black men of Egypt; now it is the Jew fighting the Slav, now the European all but exterminating the American Indian; the Japanese against the Russian, and the Italian against the Turk.

The earth is populated by a billion and a half people divided among six great races. The Mongols 640 million; the Aryans 423 million; The Semites 65 million; the blacks 151 million; and the Latins 111 million.

So long as the population of earth was small and travel hard the races did not overlap. But now the world is all occupied, travel is easy. The white man has penetrated into the lands of the yellow man, the black and the brown. The spirit of the hitherto unprogressive races has been quickened, their ambitions fired. The result is that the races are mingling. Slavery has already ceased, and millions of negroes, Chinese and Asiatic people are clamoring for a place in the civil-

ized life of the world.

This mingling of races is keenest in America. Here are gathered men of every clime coming to share the blessings of our free land. There are fifteen million people of foreign birth in America representing forty different races and nations, and they are coming at the rate of a million a year. No wonder the question is asked "What will be the end of it all?"

Can our American institutions absorb all these races, and keep pace with the flood. Then in America we have ten million of the negro race, the sons of the slaves and for the most part as yet uneducated. In the past forty years we have done but little to advance their condition. Socially, intellectually, religiously, politically, we have not done our full duty to them nor to our country in seeking to uplift them to a place of intelligent citizenship. The responsibility is ours. Patriotism, if nothing else, demands that we solve the race problem.

In the south and the north as well the negro is a despised and often hated man. No wonder he becomes shiftless, lazy, criminal, ignorant. We bought him from the heart of savagery, superstition, and cannibalism, passionate, ignorant, improvident.

We subjected him to 300 years of slavery, and then all in a day liberated him and gave him a vote. We put him at once on the same plane with our most highly developed citizenship. It was a mistake, but the responsibility was ours.

We shall have to solve this problem, and back of any solution we give it lies the great world education. The word means to "draw out." The draw out of the race all the best that is in it, is the surest way to draw them out of their low estate.

Fundamentally, we are all children of God with equal possibilities regardless of color. The differences between us are differences of education. The proverb "once a nigger, always a nigger" which men give us is not true. No man knows the possibilities of the negro race. God has stamped his image on every race. We are all fellow citizens of the household of God.

Now, by education, I mean the term in its broadest sense. I mean the drawing out of man along the line of their God appointed destiny. I mean more than the attainment of mere physical and intellectual ideals. These races must become filled with our social and spiritual ideals or Americanism is lost. They must be taught morality. They must be lifted up to the highest standards of our best culture.

To accomplish this the advanced and educated races must come to realize the brotherhood of all man, and the common fatherhood of God.

We must recognize our responsibility for the brother of low degree and seek to pay the debt of power we owe, to lift him out of his bondage and his night.

We must not expect to do all this in a day. It is fully to look for the white man's standard in all things in the negro, only fifty years removed from slavery.

If America is to realize her ultimate destiny, as the melting pot of the races, we must begin now the great task of realizing here the brotherhood of man.

Before the meeting adjourned a committee was named to invite the Rev. J. W. Dunning to address the league on Thursday, March 11. The program committee is composed of Judson Whitfield, William Haley, Garrett Starks, Roy Kinney and John Richardson. The social committee named includes Victor Pennon, Ed White, John Walls, Grant Metcalf and William Gooden.

## TRUMBULL LEGISLATOR HAS NEW LICENSE PLAN

Columbus, Feb. 26.—Another method of decentralizing the an-noon license system by authorizing a board of five in each county drawn from the jury wheel to issue license, and a state inspector under the board of agriculture to enforce regulations, is proposed in a bill introduced today by Representative Hake, of Trumbull. He represents the same county as Senator McDermott, author of what has been considered the administration's license decentralization bill, and is known as advocate of the dry cause.

The bill provides that between Jan. 1 and 6 of each year county clerk shall draw from the jury wheel the names of five men to act as the county licensing board. Those drafted may be excused by application to a common pleas judge in the same manner as they may be excused from jury service.

ations and decide who shall be granted licenses within twenty days after members take the oath of office, and then it goes out of existence. Unanimous vote is required for granting licenses. Members are to be paid \$3.50 a day while they are sitting. The county clerk is given authority to grant licenses while the board is not in session if dry territory should be voted wet.

The power to revoke or suspend licenses is vested in the county prosecutor subject to consent of the common pleas court. The prosecutor also is to hear complaints and no appeal is provided from this decision.

The license year is to begin on the fourth Monday of February, and licenses may be issued only for one year as at present. Removals are to be sanctioned by the clerk.

Law enforcement is left with a "state liquor traffic inspector" to be appointed by the board of agriculture, with salary of not more than \$1800 a year, and not more than 10 deputies, with a salary not to exceed \$1200. This system is similar to that in force before the license law was enacted.

One annoon for every 500 population is permitted, as under the present license law. The method of apportioning licenses for summer resorts is not changed.

## French Remedy for Stomach Troubles

The leading doctors of France have for years used a prescription of vegetable oils for chronic stomach trouble and constipation that acts like a charm. One dose will convince. Severe cases of years' standing are often greatly benefited within 24 hours. So many people are getting surprising results that we feel all persons suffering from constipation, lower bowel, liver and stomach troubles should try May's Wonderful Remedy. It is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

## SENATE MAY HAVE EXTRA SESSION

Washington, Feb. 26.—A special session of the senate after March 4th to consider the Columbian and Nicaraguan treaties, was discussed at length by President Wilson with the cabinet today, but no final decision was reached. A wide difference of opinion developed. White House officials said the question still was under consideration. The opinion prevails that a special session will be called.

## MUST FIGHT FOR PLACES

Cleveland, Feb. 26.—In charge of Manager Joe Birmingham, members of the Cleveland and American league baseball team left today for San Antonio, Texas, for spring training quarters.

Manager Birmingham said before leaving this city that "every player must fight for his position." There are two or more candidates for nearly every position on the team, Birmingham said.

Outfielder Harry Leibold, with whom Federal agents were negotiating yesterday, went South with the team.

## THREE DIE IN CHAIR

Ossining, N. Y., Feb. 26.—Three men, all from New York City, were put to death in the electric chair at Sing Sing prison today for murdering women. Oscar Vogt stabbed Mme. Agnes E. Guth, a dressmaker with whom he was infatuated with Vincenzo Campanella, a counterfeiter, shot his wife, after a prison term, because on his return he alleged he found her faithless. Robert Kane shot Anna Klein because, he said, she caused him to lose his wife's affections.

## \$25,000 Damage Suit Is Now Begun At Vanceburg, Ky.

The \$25,000 damage suit of Ben Hudson against the Chesapeake and Ohio Railway company was begun in the circuit court at Vanceburg before Judge Halbert Friday afternoon.

Hudson, who is a local boy, it will be recalled, had both legs cut off in an accident that occurred on the C. & O., near Fire Brick, Ky.

Hudson's attorneys are Mailan, Johnson & Jones of Ashland and the C. & O. will be represented by Worthington of Greencup and Browning of Maysville.

A number of local witnesses are to testify in the case among them being Drs. S. S. Halderman and E. O. McCall, who were called to Vanceburg Friday.

J. E. Lytle, creating superintendent for the Mount Vernon Bridge Company, spent Friday afternoon looking over the ground preparatory to putting down spur tracks and as-

sembling material for the superstructure of the new county bridge. The bridge company expects to have everything in readiness to begin work soon.

## Avoids Taxi Cab, Auto Hits Curbing

In trying to avoid a collision with a taxi-cab, Frank X. Mercier, of

Sixth street, turned the corner at Sixth and Washington streets too short Friday afternoon, about three o'clock, and ran into the curb.

Both front wheels and the front axle were badly bent. Neither Mr. Mercier nor his wife, who was riding with him, was injured. The damaged machine was towed to the Ford garage for repairs. The owner or driver of the taxi-cab are not known.

## MOTHERS: HERE'S A GREAT RELIEF

Thousands of mothers know by experience that a bottle of Hoff's German Liniment in the house often takes the place of a doctor. It stops the children's croup and head colds. This famous stainless, grassless, refreshingly odorous liniment is as pure and white as snow. It won't soil the finest clothes.

At the first sign of a "stiffness" in the head or lungs, get a bottle of Hoff's German Liniment. For 18 years it has been the unequalled remedy for Croup, Whooping Cough, Neuritis, Toothache, Croup, Coughs, Rheumatism, Lame Back, Aching Joints, Bruises, Sprains, Sore Feet, Corns, Bunions, etc. There is nothing like Hoff's German Liniment in existence for stopping pain.

It acts like magic. It is powerful, penetrating and soothing. You simply rub it in and the pain goes out. It is a pure white emulsion. A cold compress with other pure, harmless, effective ingredients. When applied externally it keeps the pores closed—keeps colds out. For Frost Bites, Chills, Chapped and Cracked Hands, nothing compares with Hoff's German Liniment.

Sold by all druggists—quarter of a pint for a quarter—enough to prove to you what we have been proving for 18 years the country over. Large family size, 50c. Positive guarantee of satisfaction goes with each bottle. If you are dissatisfied, your druggist is authorized to refund your money and ask no questions.

## Always Comes With Spring

"Daddy" Hatfield, a beggar tramp from West Virginia, who is an annual visitor to Portsmouth about spring time, was arrested by Officer Anderson Henderson in the East End Friday afternoon. He will be turned over to the county authorities and will be permitted to make his escape from the infirmary.

## NEW RECORD HUNG UP

G. McNeal, champion roller skater of Columbus, won the mile race from Orlio Brenner, local skater, at the Nevelette rink Thursday evening. McNeal lowered the time for a mile race in the city by 10 seconds.

Andrew Sannett won over White Brown in the preliminary half-mile race. His time was 1 minute and 37 seconds.

Patriarch Degree  
At the meeting of Canton Orient L. O. O. B., held Thursday night, the Patriarch degree was conferred upon one candidate, James McDaniels. Members of this order will attend a social to be given shortly by the Daughters of Rebekah.

## IF YOU ARE A DRINKING MAN

You had better stop at once or you'll lose your job. Every line of business is closing its doors to "Drinking" men. It may be your turn next. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry. We are so sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from it, your money will be refunded.

When you stop "Drinking," think of the money you'll save; besides, sober men are worth more to their employers and get higher wages.

Costs only \$1.00 a box. We have an interesting booklet about ORRINE that we are giving away free on request. Call at our store and talk it over.

Wurster Bros., 419 Chillicothe Street.

## Bring Prescriptions Here

Let us fill the prescription the doctor gives you. We can wholly be relied upon to put them up correctly. We are certain of what we do when we fill prescriptions. We read the doctor's orders carefully and use only ingredients he tells us to. We are extremely careful not to make the slightest mistake. This is the most important.

## David Williams Alarmingly Ill

Grave fears are entertained for the recovery of David Williams, a young son of Mr. and Mrs. John B. Williams, of 1305 Second street, who has been ill for the past week with pneumonia. His condition took a decided change for the worse Thursday evening and was critical throughout the night, requiring the constant attention of a physician. Inquiry at the home Friday afternoon brought forth the statement that he was holding his own with slight chances for recovery.

Young Williams is a popular student at Portsmouth high school and gloom has settled over the student body because of his serious illness.

His brother, Ellsworth, a student at Ohio State University, was called home Friday on account of his illness.

In Cincinnati  
Squire James Braden of Fullerton made a business trip to Cincinnati Friday.

## GRANDMA USED SAGE TEA TO DARKEN HAIR

She made up a mixture of Sage Tea and Sulphur to bring back color, gloss, thickness.

Common garden sage brewed into a decoction with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is falling, gray, dry, scraggy and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 60 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss. While gray, greasy, faded hair is not what we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You justampen a sponge or soft brush with it and draw this through your hair, taking small strands at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

### Newer Forms Of Educational Work Discussed At Meeting

Frank Appel, superintendent of the Portsmouth public schools returned Thursday night from Cincinnati where he attended the Superintendents' Meeting held under the direction of the National Educational Association. J. D. Creveling, principal of the high school, who also attended the meeting has gone to Cleveland to make a visit before returning home.

"There were more than 3,000 men engaged in educational work at the meeting, which was in many respects one of the best ever held. The sessions were held in Music Hall and always attracted exceedingly large crowds, every delegate being interested in what the educators had to say," said Mr. Appel, Friday.

"M. P. Shawkey, who was honored with the presidency of the association was a classmate of mine at O. W. U. The newer movements used in an educational way were discussed from all angles and the meeting was a great success. They will be used in modified terms by practically all the schools of Ohio. Great stress was laid on the industrial department now in an experimental stage in Gary, Ind. Whether it will be a success or not cannot be determined until it is given a more thorough trial. In this department all branches of work such as plumbing, paperhanging, plaster-

ing are taught."

The next meeting goes to Detroit.

### Sent To Jail

Theodore Miller, arrested and fined in police court Friday morning for furnishing liquor to minors, was arrested again Friday afternoon on an affidavit from Juvenile Judge Beatty's court on a charge of contributing to the delinquency of minor girls. He admitted his guilt, according to Judge Beatty and was committed to the county jail to await an examination.

### Board To Decide

The question of whether two of the students Supt. Frank Appel suspended this week for general disorder and truancy will be suspended permanently, will be decided by the board of education at its meeting tonight.

Several of the suspended pupils insisted on hanging around the High school, despite their suspension, and this matter has been placed in the hands of the board.

### Henderson Arrested

John "White Wing" Henderson was arrested by Officer Roy Moore Friday afternoon for alleged stealing a push cart belonging to Maurice Panteke, an employee of the J. C. Hiney blacksmith shop.

### BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for enamel, act gently on the bowels and help to do the work. People afflicted with bad breath and quick relief through Dr. Edwards' Olive Tablets. This pleasant, sugar-coated tablet is taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous cathartics and does without any of the bad after effects.

All the benefits of castor, sennalax, prunes, cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or distressing effects of any kind. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two every night for a week and note the effect. 100 and 250 per box. All druggists.

Vinton Jones, son of Col. T. H. B. Jones, owner of the Novelette, will arrive Monday to take charge of the local rink.

Members of the civics class in the high school, were spectators in the court room at the court house, Friday afternoon.

The proceedings were not very interesting or instructive, as court had recessed, pending the report of the jury in the C. & O. Northern-Bahner condemnation suit.

### Gets Fine Honor

Word came from New Haven, Friday, that Reuben Horechow, son of Samuel Horechow of this city, had been made a member of the Phi Beta Kapp society on the basis of work done during Freshman and Sophomore years.

Local real estate dealers report an increased demand for houses the past few days. Many families who have been out of the city are returning for the summer.

Albert Knittle has purchased a model 25 Buick automobile from Agent R. S. Prichard. Mr. Knittle lives at 643 Sixth street.

The meeting scheduled for the county commissioners and representatives of the C. & O. Northern Railroad company Friday afternoon to finally decide upon the crossings in Scioto county was again postponed, this time owing to the absence of Attorney H. T. Bauman, who was called to Ironton Friday morning on legal business.

It was reported Friday that an official from the automobile department in Columbus, was in the city Thursday and Friday securing numbers of automobiles that were not equipped with 1915 tugs.

### VERDICT

After deliberating for six hours, the jury in probate court Friday afternoon at 3:45 o'clock returned a verdict for \$600 for the defendant in the C. & O. Northern Railroad company against Henry D. Bahner, of Porter township, a condemnation suit for right-of-way through the defendant's property. This amount is \$200 more than was offered by the railroad company. Of that amount, \$100 represents the value of the property condemned, and \$100 damages to the balance of the property.

### POLICE ON THE SCENE, ELOPEMENT FRUSTRATED

The timely arrival of the police probably frustrated a planned elopement of Mrs. Paris Gent and John Woods Friday afternoon. Mrs. Gent, who has been working at Gray's restaurant, had a ticket to Peabody, which had been given her by John Woods, a West End youth, whose widowed mother was recently accused of detaining him. She, at last accounts, was the former against her will. She went to the home of Bob Fisher, of No. 2302 Walnut street, Earlytown, where Gent boarded, evidently to marry.

Woods showed up in the afternoon and was intoxicated, it is said. The woman, against the warnings of her husband, went out to talk to him, and a wordy war between the two men resulted. Police chased Woods back down town and warned Mrs. Gent against leaving the city with him. She, at last accounts, was planning to return to her former home in Irving, Ky. She admitted she and Woods had planned to get married.

### STILL AFTER ORDER

Grant Williams and James W. Bauman, Jr., of the Excelsior Shoe Company, who have been in the East in an effort to land an order for shoes from the French government will be home Saturday. Information to this effect was received at the local factory Friday. The firm, it was stated, was exerting every effort to land an order of this character.

### Separate Answers In Basham Case

Separate answers were filed by Attorneys Blair and Kimble, Friday afternoon, on behalf of the defendants, Louis and Maggie Basham, in a case filed several days ago by Charles' Morrison. Morrison is suing the defendants for an amount alleged to be due him as the defendants' share of the cost of surveying their property, which adjoin each other.

Louis Basham, in his answer, denies that he owns property adjacent to the plaintiff, and asks that the case against him be dismissed. Maggie Basham also denies the allegation of the plaintiff, and in her cross-petition, asks judgment against the plaintiff for \$3.30, half of the amount which she claims she paid a surveyor for doing the work.

### DOING IT NOW

Dan Serg, of Tenth street, is plastering the new home of Mike Conklin, in Sciotoville.

Gilbert Dadds, the deputy county treasurer, has joined the "Do It Now" society. He has awarded a contract to George Gulker to put a tin roof on his cottage on Ninth street, and will make other needed repairs to the property.

Theo Pierron has been enrolled in the "Do It Now" Club, as he has purchased two lots from Charley Wertz, in Wheelersburg, and he will erect a summer home on it this spring.

The condition of Frank Crowe, a well-known Morgan township farmer, continues very critical. He is suffering with kidney trouble and has developed violent attacks of hiccoughs.

Miss Boulah Baor, a saleswoman at the Fashion store, has been ill at her home on Fourth street the past few days.

Samuel Horechow, a Gallia street furniture dealer, is detained at his home by an attack of grip.

Miss Laura Harebauer while at work at the Patterson box factory ran a splinter under a finger nail requiring the services of Dr. W. E. Gault to extract it.

Frank Bassler, well known shoemaker, took another turn for the worse Friday and was not expected to survive the day.

Suddenly stricken with rheumatism, Clyde Knost, who is a student in the College of Music in Cincinnati, was forced temporarily to give up his voice study and return to his home here on Offense street.

### BIRTHS

## ALLEGED WOMAN HAD HER CHILDREN TRAINED TO TIP OFF COMING OF POLICE

That Mrs. Adeline Lewis, divorced wife of Dave Lewis, had her young children trained to tip off the approach of a police officer was the charge made against the woman by Capt. Grant Cooper in police court Friday morning.

Mrs. Lewis and John Austin, a B. & O. S.W. section hand, had been arrested at her home on Third street near Madison street Thursday evening and charged of disorderly conduct were placed against them. Austin at the time was engaged in painting a box for the woman.

The couple presented an attitude of injured innocence and insisted that the only mutual interest they had in each other was with regard to the washing and ironing Adeline did weekly for Austin.

Captain Cooper said when she lived on Seventh street her children would abruptly cease their playing on the sidewalk or street at the sight of an officer, rush into the house only to emerge an instant later and resume their play. Austin and soon she herself would appear outdoors.

Mrs. Lewis emphatically denied that she had her children trained as claimed. The mayor, however, accused her of conducting a disorderly house and ordered the police to continue her under surveillance. He gave her a suspended fine of \$10. Austin was also fined \$10 and ordered to keep away from the woman's home.

**Fined \$25**

Theodore "Toots" Miller was fined \$25 and costs for furnishing whiskey to Mabel Campbell and Annie Blackworth.

Miller claimed it was his first offense and that he had asked a strange negro to secure the liquor for him. Hoy Johnson denied he had been disorderly, insisting he had merely tried to quiet the two girls. He said the Campbell girl was drunk and fast becoming boisterous. He tried to get them to go home but they persisted in following him around. A Mr. Justice said the language used by the girl was most shocking to the neighborhood and persons returning home from church.

The Campbell girl caused quite an uproar in court when she brazenly declared she could not understand why the whiskey had had a worse effect upon her than on her companion for she had taken exactly the same quantity. Johnson and the girls were immediately removed to the juvenile court.

James Kelly, of Canton, who while drunk took possession of the home of Mrs. Adeline Lewis, of Tenth street during her absence and was quietly sleeping off a jing on a davenport Thursday evening, and Walter Case of Alliance, Ohio, who was caught loitering in the East End, were fined \$5 each. The latter because of his youthful age was later dismissed.

## Past Chancellors To Be Organized

An organization of Past Chancellors of the two Knights of Pythias of the city has been called for March 4 when the movement to effect a permanent organization will take a more tangible form.

It was stated Friday that the committee of Massie Lodge would get busy right away and work out the details of the proposed Past Chancellors organization.

A move in this direction has been under contemplation in Knights of Pythias circles for several years, it was stated Friday.

## Thief Had "Time" To Steal Clock

A bold sneak thief entered the home of Charles O. Windel, traveling salesman for the Gilbert Grocery company, at 816 Gallia street, early Thursday evening, and stole a musical mantle clock, valued at \$5.

The theft occurred while members of the family were engaged in hanging pictures in the front room of the home. All of the electric lights in the other rooms, however, were lighted, but it is supposed that the thief stood in the gangway between the home and the Ideal cafe adjoining on the west and awaited his opportunity. Carl, a young son of the household, saw the shadow of a man in the room, and when he hastened to investigate, the intruder bolted from the house and out the rear way to Sixth street. The clock was not missed from its place until the family prepared to retire for the night. Police were notified and began an investigation.

## FIFTEEN YEAR OLD GIRLS ARRESTED AT LATE HOUR

## Five Men And Four Girls In Two Rooms

Sensational developments are expected to follow the arrest of Mabel Campbell and Annie Blackworth, two 15-year-old North End girls late last night.

The wayward girls were picked up on upper Findlay street about 10 o'clock in company with Hoy Johnson, an 18-year-old youth, and according to the arresting officers were having "a time" of it. The girls had drained a half pint bottle of whiskey which they said had been furnished to them by Theo, better known as "Toots" Miller. They had previously met his brother Tom Miller, a saloonkeeper, near his place of business on Fifteenth street near Chillicothe, and begged a 25-cent piece from him, they claimed. Later meeting "Toots," they asked him to get some whiskey for them turning the money over to him. He went to the brother's saloon and soon returned with the flask, they said. Afterwards they met the Johnson youth, who was arrested with the girls. "Toots" Miller was also arrested later and a charge of furnishing liquor and contributing to the delinquency of minors placed against him.

Miller was found guilty of furnishing liquor to the girls and was fined \$25 and costs. The other three were sent to the juvenile court and they are now in charge of that court.

Police Capt. Grant Cooper acting upon complaints, visited the Chantman boarding house at 914 Front street Thursday evening, and ordered the woman in charge to get rid of her boarders. The officer found that five men and four girls were sharing two rooms between them and were informed that such a condition would not be tolerated.

## HEALTHY CHILDREN

To keep children healthy in body and brain, correct nourishment is the key. Just as heat turns water to steam, so nourishment is nature's fuel for health and growth. Too often the digestive powers of children cannot procure enough nourishment for ordinary food which condition brings weakness, dullness and sickness, and nature needs assistance—then Scott's Emulsion is needed.

Every drop is medicinal food. Its rich cod liver oil creates life-sustaining blood corpuscles to strengthen the organs and fibers and tissues throughout the body. If your children catch cold easily, are languid, backward in studies, pale or frail, give them Scott's Emulsion—it sets in action the very forces that build sturdy frames and active brains.

Scott's Emulsion is free from wines, alcohols or stupefying drugs—the best that nature can give. At any drug store. 19-25 Scott & Bowne, Brooklyn, N.Y.

# THREE MEMBERS OF CARIB CREW LOST LIVES WHEN SHIP ENCOUNTERED MINE

Berlin, Feb. 26—(via London)—Three members of the crew of the American steamer Carib lost their lives when their ship was sunk Tuesday in the North Sea, probably by a mine. It has been learned that the Carib went down off Borkum island at the mouth of the Ems river and not near Helgoland (another island 45 miles northwest of the mouths of the Elbe and Weser rivers) as was presumed from the first announcement. The American steamer Evelyn also was sunk off Borkum island. No further details of the Carib disaster are available here.

# NATIONAL SAFETY FIRST CAMPAIGN UNDER WAY

New York, Feb. 26—Resolutions outlining the policy of the Safety First Federation of America, organized by representatives of automobile clubs, civic organizations, police and public service officials, were to be adopted and officers to start a campaign for public safety, for both vehicular and pedestrian traffic in all states and the federation will ask for the cooperation of all local safety organizations.

A maximum speed of four miles an hour by vehicles at street corners, and in every block where there is a public or private school, when the children are going to and from school, will be advocated. Ordinances to make pedestrians use the cross walks at all street intersections when crossing from one side to the other will be introduced in councils of the cities of the country. Fire prevention and the regulation of street traffic will receive particular attention by the federation.

Harold W. Newman, commissioner of the department of public safety of New Orleans, chairman of the organization meeting, said that the first important endeavor of the organization everywhere would be to push laws requiring mental and physical examinations of automobile chauffeurs.

# COLORADO STRIKE COST \$1,250,000

New York, Feb. 26—The recent strike at the mines of the Colorado Fuel and Iron Company cost the company directly and indirectly approximately \$1,250,000. President Jesse F. Walborn estimated in a statement issued in connection with the monthly meeting of the directors, which was held in this city, instead of Denver, where board meetings usually are held.

# Pittsburgh Firm May Get Big Shell Order

Pittsburgh, Feb. 26—Negotiations are in progress between the Russian government and a large machine company here, which will likely result in a contract for \$10,000,000 worth of war munitions. Shrapnel shells form the principal part of the order, and as special machinery is required to make some sizes, the company has asked Russia to deposit \$1,000,000 in bank to indemnify it should the machines become useless by reason of a sudden termination of hostilities.

Miss Biddle is one of the most popular society buds of Philadelphia. She is the daughter of Mr. and Mrs. A. J. Drexel-Biddle. Mr. Duke is the son of Mr. and Mrs. Benjamin N. Duke.

# THREE OF ALLIES WARSHIPS DAMAGED IN DARDANELLES

Constantinople, Feb. 26 (via London)—Three warships of the allies were damaged in the bombardment of the Dardanelles forts Feb. 25, according to an announcement given out today at the headquarters of the Turkish army here.

Here is the text of the announcement: "Ten big armored vessels on Feb. 25 again bombarded the Turkish forts at the Dardanelles for a period of seven and one-half hours. At the conclusion of this operation they retired in the direction of the island of Tenedos.

"One ship of the Agamemnon type and two other armored vessels were damaged by the fire from the forts on the Asiatic side of the straits.

London, Feb. 26—All the forts at the entrance of the Dardanelles have been reduced by the allied fleet. The announcement of the Secretary of the Admiralty follows: "The weather moderating, the bombardment of the outer forts of the Dardanelles was renewed at eight o'clock yesterday morning (February 25). After a period of long-range fire the squadron of battleships attacked at close range. All the forts at the entrance to the straits were successfully reduced and the operations are continuing."

The Dardanelles, known as the gate-way to Constantinople, is a narrow, tortuous strip of water, dividing Europe from Asiatic Turkey and leading from the Aegean Sea to the Sea of Marmora. It is about thirty-three miles in length and averages about two miles in width.

At the entrance to the straits are, on the European side, Forts Helles, Kum Kale and Sedd-el-Bahr, which face Fort Kum Kale on the Asiatic side. In average Sedd-el-Bahr is the largest fortress in the Dardanelles. Behind the castle on the heights is the Shihim Kalesi fort.

Across the straits from Sedd-el-Bahr to Kum Kale is about two miles. Of late years this fortress has been permitted to go into decay, but at the outbreak of the present war it was undoubtedly strengthened with modern guns.

New York, Feb. 26—A return to the wholesale price of four cents a loaf for bread, which reports say the big baking companies are contemplating, will, Deputy Attorney General Becker indicated today, result in a discontinuance of the inquiry he is conducting here into causes for the increased price of wheat, flour and bread.

Mr. Becker, in commenting on the report that big baking companies were considering a return to the wholesale price of four cents, said that he "hoped the price would soon be reduced." And he added that if such a step was taken he would feel that the purpose of the state's inquiry was accomplished.

# ILLINOIS TOWN HAS ANOTHER MYSTERIOUS MURDER; 3 IN YEAR

Aurora, Ill., Feb. 26—A man sixty years old, described as being at eccentric, was held under arrest by the police today in connection with the murder of Miss Emma Peterson, who was found with her head crushed and jaw broken a half block from her home last night.

It was the third mysterious murder of a woman in Aurora in twelve months. In each case the victim has been strangled to death. In no case has the murderer been caught. The three unsolved murders are:

Theresa Hollander, who was clubbed to death in a cemetery on the night of February 16, 1914. Tony Petrus, a former sailor, was twice tried on a charge of having slain her and acquitted.

Joanie Miller was clubbed to death in a church yard on the night of November 10, 1914. Several arrests were made but the crime was never solved.

Emma Peterson was found clubbed to death near the residence of former United States Senator Albert J. Hopkins. No weapon was found near the body; the police obtained no clues.

The man under arrest, John Mason, does odd jobs at St. Joseph hospital for his board. He had been detained by the police early last night after he attempted to seize a young woman by the arm a block from the spot where Miss Peterson's body was found.

The girl had complained that she had been attacked by a man in the vicinity the night before. Her father followed her last night and trapped Mason. The police after questioning him, released him. Two hours later the body of Miss Peterson was found.

Mason, according to the police, admitted that he sometimes had carried a section of rubber hose filled with shot, but the sisters at the hospital asked for his release, declaring that he was a harmless eccentric.

Nht. positive that Mason is the man they want, the police employed trained bloodhounds, hoping to reveal the course taken by the murderer in making his escape.

Neighbors, returning home found the body of the girl lying on the sidewalk. No one living within the block heard an outcry, and the police believe she was strangled down from behind and killed before she could cry out for help. A handbag carried by her is missing.

Miss Peterson, who was 22 years old, had been living in the home of a wealthy retired farmer for the last three years.

The police are working on the theory that all of the three murders of the last 12 months have been committed by the same man.

Ossining, N. Y., Feb. 26—Three men, all from New York City, were put to death in the electric chair at Sing Sing prison today for murdering women. Oscar Vogt, stabbed Mme. Agnes E. Guth, a dressmaker with whom he was infatuated with. Vincenzo Campanella, gun-tormentor, shot his wife, after a prison term, because of his return. He alleged he found her faithless. Robert Kono shot Anna Klein because, he said, she caused him to lose his wife's affections.

# INDIANS HOLD OUT AGAINST FEDERAL AGENTS

Denver, Colo., Feb. 26—Efforts of government agents and Indians friendly to the whites to induce the band of Piute Indians who are aiding Tso-No-Gat in evading arrest on a charge of murder, have failed, according to reports received here from Bluff, Utah, today. Navajo scouts have reported to United States Marshal Nebeker that the agaves and payson in the band of fugitives have been taken to a place of safety on the Junn river.

Forty-eight warriors, headed by "Old Polk," father of Tso-No-Gat and "Old Posey," are said to be entrenched in what is known as Butler's Wash, a few miles southwest of Bluff, and are prepared to resist the posse of federal deputies. Marshal Nebeker, it is stated, will make another attempt to surround and capture the Indians with his present force and will not ask for federal troops for the present at least.

# CONGRESS CONTINUES LEGISLATIVE GRIND

Washington, Feb. 26—Congress was driving ahead today with the big appropriation bills in the hope of yet passing some general legislation before adjournment of the session, next Thursday.

Administration senators are continuing their efforts to get action on the government ship purchase bill, but there is no assurance that it will again be considered in the senate at this session. It is thought possible that the Philippine bill may yet be passed if certain amendments to the preamble can be agreed upon.

The senate had before it today for consideration the naval and the fortification appropriation bills, while the house continued work on the general deficiency bill, the last of the supply measures awaiting action in that body.

The senate before it adjourned last night passed the agricultural appropriation bill after adopting an amendment to the measure providing for government loans to farmers, made considerable progress on the naval bill and given consideration of the fortification bills.

Washington, Feb. 26—Administration officials were looking forward with unabated interest today to early responses to the American government's informal proposals to Great Britain and Germany for the elimination of dangers to neutral shipping.

These suggestions include removal of all unnecessary mines in the high seas and provide for the distribution of food-stuffs to the German civilian population and the abandonment of the German submarine warfare on merchant ships.

The American proposals have been submitted by England to her allies, France and Russia, for consideration. At the same time the British cabinet has taken them under consideration. Officials here expect that a reply will be forthcoming in a few days. Unofficial advice full to disclose the attitude of the British cabinet towards the latest American move.

While merchant vessels still are being destroyed by mines and torpedoes, Secretary McAdoo, of the treasury department, has ordered that all ports in the British Isles, including the continental port of Amsterdam, be made "special ports" requiring special rates of war insurance from the government bureau. This was done because of dangers to ships in the new German war zone.

BUT FEW DESERTIONS IN NAVY DURING YEAR  
Washington, Feb. 26—Desertions among the enlisted men of the Atlantic battleship fleet during last December totaled only 74, the commander-in-chief of the fleet has just reported to the navy department. Department officials are highly gratified over the record.

# MR. KRICKER IS HEAD OF SINKING FUND TRUSTEES

Re-organization of the Board of Sinking Fund Trustees, made necessary by the death of the president, the late George M. Appel, was effected at a special meeting of the board Thursday evening. Just before the meeting was called to order, Mayor Frick administered the oath of office to the new members. Frank E. Kelce, appointed to succeed the late Mr. Appel.

Vice-President S. Coles Peabody called the meeting to order and immediately presented the name of George E. Kricker, the oldest member of the board, as president. He was elected unanimously. In assuming the chair, Mr. Kricker paid a high tribute to Mr. Appel, especially referring to the fact that, despite his weight of business affairs, he was ever ready to adjust the time of meeting of the board to suit the convenience of the other members.

Mr. Bauman presented the names of S. Coles Peabody for vice-president, and he was elected without opposition. The city auditor, George L. Chubb, is clerk of the board by virtue of his office.

The board later unanimously decided to take over the \$10,000 worth of bonds recently issued by the city council to pay the cost of the construction of the Cecil Miller sewer in the East End and the Portsmouth Paving Brick Company's sewer in the North End.

At the January meeting of the board, Arthur H. Bauman was appointed as a committee to draft resolutions of respect to the memory of the late George M. Appel. He presented these resolutions Thursday evening and they were unanimously adopted. One copy was spread upon the minutes, and two copies ordered to be forwarded to the newspapers. A fourth copy, signed by all the members, will be delivered to Mrs. Appel.

The resolutions read as follows: To the President of the Trustees of the Sinking Fund, Portsmouth, Ohio.

Sir—Your committee, appointed to draft resolutions of respect suitable to perpetuate on our records the memory of the late George M. Appel, herewith submits the following resolution:

Whereas, the nearest approach any person can make to perfection on this earth is to be loved by all who knew him; and

Whereas, the well considered

# Thief Had "Time" To Steal Clock

A bold sneak thief entered the home of Charles C. # Jr. O. U. A. M. To Hold Debate

Two debating teams, drawn from the membership of the council, will debate on the question, "Resolved, That Washington Was a Greater Man than Lincoln" at the regular meeting of the Jr. O. U. A. M. next Thursday evening. The orators were chosen at the meeting Thursday evening and are: Affirmative, Arthur Blake, Irvin Bowser; negative, John Beck, A. B. Groniger.

One candidate, Edward Martin, received the work in the Patriotic degree, which was exemplified in an excellent manner by the degree team. The application of William Albertson was favorably acted upon; while three applications were received.

The committee in charge of the mock initiation reported that a play had been decided upon which requires numerous characters. Rehearsals have started, and the entertainment will be held some time in March. The committee includes Frank H. Schmidt, P. W. Quicke and Alva Cowan.

Acknowledgment of the invitation of the Daughters of America to attend their entertainment last week was ordered.

# Prompt Action Will Stop Your Cough

When you first catch a cold (often indicated by a sneeze or cough), break it up at once. The idea that "it does not matter" often leads to serious complications. The remedy which immediately and easily penetrates the lining of the throat is the kind demanded. Dr. King's New Discovery soothes the irritation, loosens the phlegm. You feel better at once. "It seemed to reach the very spot of my cough" is one of many honest testimonials. 50c at your Druggist.

# Quick Action Prevents Fire

Woodwork in the basement of the C. L. Frederick home at 520 Union street ignited about 5:30 o'clock Thursday evening, when the flue pipe on the Budd heater fell off, allowing the blaze to spread. Mrs. Frederick, who was upstairs, smelled the smoke, and turned in an alarm to the fire department.

The East-End company responded and the firemen extinguished the blaze with chemicals, the damage being about \$20.

# JEALOUSY OR DISAPPROVAL?

Drawn by Eva Shepherd

"She walks in beauty, like the night" and so serene and self-confident is she, that jealous criticisms by the less fortunate fall unheeded on her ears. For her beauty is of the inward kind that shines through her soul windows, and expresses itself in a broad charity, and a sweet understanding of the limitations of environment and its effect on the human heart. And she conquers even those who criticize her, and makes them regret the sharpness of their tongue.

# CONTRACTORS PREPARING TO BID ON INTERURBAN

Contractors from all parts of the country who are figuring on bidding on the contract of putting in the extension of the Ohio Valley Traction company from Sciotoville to Hanging Rock, began arriving in Portsmouth Friday to inspect the blue prints of the extension.

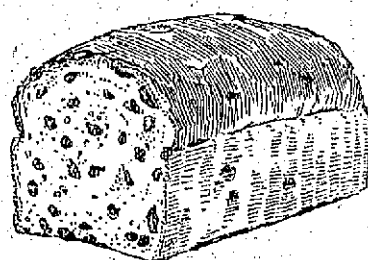

They are now ready for inspection and prominent railway builders from many states will come here to closely inspect the plans and specifications with a view of putting in a bid on the contract. Many contractors were notified sometime ago that the blue prints of the extension would be ready for them beginning Friday, February 26.

Raymond York stated Friday that the Ohio Valley Traction company hoped to award the contract in a short time as active work on the extension is slated to take place in the early spring.

# SUBMARINE IS U. S. HOPE IN WAR, SAY SENATORS, DEMANDING MILLIONS FOR UNDER SEA FLEET; WOULD SAVE COAST CITIES

Submarines defending the Panama canal (top) and east of Uncle Sam's latest submarines which was under water 25 hours.

That hope of victory for the United States in the event of war would depend largely, if not entirely, on the number of submarines which she could summon to her sea-coast defenses, is the argument of senators who demand millions for Uncle Sam's under sea fleet. The senate naval bill makes provision for six seagoing submarines instead of one, and sixteen, instead of eleven, of the smaller type submarines, specified in the house bill.

Senator Smoot has introduced a bill in congress providing for fifty submarines of the sea-going type and twenty-five smaller ones. For the first year, Smoot's bill would appropriate \$10,000,000.
